Pensions to Lehna Singh and Mahtab Singh.	Referring to letter No. 1065, dated the 25th June 1849, from the Secretary to Government, states that he thinks some mistake has arisen in an annual pension of Rs 24 each being conferred on Lehna Singh and Mahtab Singh, grandsons of the late jagirdar of Hamera Khera, as Rs. 48 annually was solicited, not for them only, but also included in it provision for the three sons of the jagirdar, the father and uncles of the two above named persons. One of the sons, Jaggat Singh, dying, the Board requested Government to transfer his share of Rs. 48 to his two sons, Lehna Singh and Mahtab Singh, and hence, in letter No. 1065, dated 25th June 1849, from the Secretary to Government, an annual pension of Rs. 24 each was conferred on these two individuals. There is, therefore, no mistake.

Importation of bullocks into the country.	Brings to notice the want of plough cattle in his Division, and the prejudicial effect this will have on cultivation. Amritsar mints	In reply, states that the amount of compensation due to the copper mint contractors, being a mere question of accounts, must be settled by the Commissioner in communication with the Deputy Commissioner of Amritsar or Lahore. In the matter of the silver mint, the Commissioner is required to institute an enquiry into the circumstances under which the alleged stoppage of the mints, on account of an undue mixture of alloy in the coinage, took place, and to then decide on the amount due to the contractors. The Board agree with the Deputy Commissioner of Lahore that the profit or loss on the Dera Ismail Khan and Peshawar mints has nothing to do with the question of those at Amritsar. States that the latter officer, having taken the management of the cantonment excise into his own hands, has requested that no liquor be sold in the town to any camp followers. Both the Commissioner and Assistant Commissioner think it would not be legal to issue such an order. Solicits the Board's orders in the matter. Mentions that no contractor has as yet offered for the excise of the town of Multan, but that it is conducted by Government officials.	Nos. 62-3.
	No. 616, dated 1st September 1849... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Multan Division.	Ditto	In reply, states that, as the request of the Brigadier has, for its motives, not the preservation of military discipline, but merely to secure a monoply to the cantonment contractor, the Board concur with the Commissioner that it would not be justifiable to issue the prohibition in question. Encloses copies of correspondence with the Deputy Commissioner of Peshawar on a similar subject, and suggests, as a remedy, that, as at Peshawar one lease be given for city and cantonment.

Encloses also a letter from the same officer, requesting instructions relative to certain villages held conjointly by Government and the Patiala Raja, in which the latter possesses police control. 	No. 877, dated 18th October 1849... From—The Secretary to the Board of Administration, Punjab. To—Lieutenant W. S. Hodson, Assistant Commissioner.	Ditto	In reply, the Board, although they admit the truth of many of the Assistant Commissioner's arguments, are unwilling to offend national prejudice by the adoption of the proposed measure. They would recommend a middle course, namely, that females of inferior rank be made to appear before the disbursing officer, or forfeit their pensions, but in the case of females well known to be of the superior grades, this rule is not to be insisted on. The Assistant Commissioner may satisfy himself, by any other proper means in his power, of their existence and identity.

As requested in letter No. 717, dated the 17th September 1849, forwards copies of correspondence with the Assistant Commissioner of Khangarh, regarding the timber, date groves and pasture lands which the Commissioner has decreed are the property of Government. Progs. for the week ending 20th October 1849— Nos. 63-6.
	No. 879, dated 18th October 1849... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Leia Division.	Ditto Principles to be observed.	In reply, states that the Assistant Commissioner should not come to a hasty conclusion that no proprietary rights exist in the Khangarh district, merely because they are in abeyance. It would be even politic to create some where none exist. The amount of land bearing indigo, and other expensive produce, is not to be rated by the value of the crops, but by the nature and capability of the soil, means of irrigation, &c. Large tracts of forest and grazing lands are the exclusive property of Government, and the grazing tax should be demanded from villages according to the number of cattle possessed by each. Trees and groves within the area of a village are only to be assessed when they are on cultivated land, otherwise they are the property of the planters or village community.

Ditto	In reply, states that the Board, before submitting the proposition to Government, would wish for as full information as possible relative to the natural features of the country and the probable reasons which would induce a wild and lawless tribe to pay a comparatively high revenue, and come under the control of a civilized Government.

Lieutenant James states that, in his opinion, there is no occasion to employ scientific skill in their improvement. The Commissioner agrees with the Assistant Commissioner in his recommendation of the old system of management, and also that the formation of the old bed of the Dhumuk river into a new canal would be highly beneficial, both to Government and the people. Differs with Lieutenant James, however, in his proposal to relinquish water-rates in the hope of ultimately enhancing the value of the land benefited by the canal. Considers that no extra establishment (as proposed by Lieutenant James) is necessary for these canals, as any repairs requisite could be done under the direction of the Tahsildars.	Nos. 22—7.

	No. 493, dated 3rd April 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Deputy Commissioner of Dera Ismail Khan.	Ditto	With reference to his demi-official letter to the Deputy Commissioner of Peshawar, the Secretary to the Board requests Major Taylor to make such arrangements regarding the trans-Indus salt mines as seem most advisable to him, bearing in mind that the chief object in view is not so much to derive a revenue from these mines as to secure the peace of the country. Observes that the Board have no power to enter into any terms with the Afridees, or to make the military arrangements proposed for the protection of the Kohat and Bahadur Khail mines, these being questions for the consideration of Government. The Board think a duty of not more than 4 annas a maund on trans-Indus salt should be levied at present, and that more than two mines should be opened at once. They consider that the Afridees, for their late acts of aggression, should be debarred from the benefits which the modified rules regarding salt will confer on the other more peaceful tribes. The contract system suggested in the Board's letter No. 474, dated the 28th March 1850, need not be resorted to, if any other plan is found better to answer the end desired.

In continuation of his letter No. 116, dated the 25th February 1850, forwards a copy of a letter from the Deputy Commissioner of Ferozepore, reporting on the claim to compensation advanced by Surdar Kahn Singh, Attariwala, for certain lands near Ferozepore, made over to Government in 1844 for grazing purposes, together with copies of all other correspondence on the subject forthcoming in his office. Considers that the Surdar is clearly entitled to compensation, but suggests that, as the land has become an island on the Kasur side, owing to the Sutlej changing and dividing its stream, the claim should be investigated and settled by the Commissioner of the Lahore Division. Requests to be furnished with an account of the amount realized from the above lands, and the sums disbursed therefrom to the Surdar. States that the Chief has, in lieu of commutation for service, given up certain village lands, valued at Rs. 6,500 per annum, which, in 1843, were submerged by the Sutlej and eventually re-appeared on its right bank. The Board consider that the matter should be adjusted by either the Surdar giving up the remaining lands and receiving compensation from Government, or by Government foregoing their claim to the islands abovementioned, receiving for them compensation from the Surdar. In the former case, the lands can remain attached to the Ferozepore district; in the latter they can be transferred to Kasur. Informs him that the Commissioner of the Lahore Division will be desired to enquire into and settle the claim of Surdar Sumshere Singh, Mareewala, to half of the disputed lands.

To recast these registers, so as to make them correspond with the Board's orders above quoted, would cost much labour and delay. The Settlement Officer has resumed all lands held free of assessment by lumbardars, *ex-officio*, on the ground that a separate money payment will hereafter be allowed for the purposes which the grant of these lands was intended to subserve, and he has it in contemplation to recommend that, in a few exceptional cases, where the lands so held have been very extensive and where their withdrawal will be much felt, money pensions be granted. The Commissioner solicits the views of the Board on this point, and enquires whether, in cases where land of this nature (*inam*) may be hereafter maintained as being held under a *Sunud*, the 5 per cent. *mokuddumee* shall be allowed in addition, or withheld during occupancy of incumbent. Remarks that, in absence of orders, the Settlement Officer granted maafeedars, whose rent-free lands had been released hitherto, *puttahs* under his own seal and signature. This was contrary to the Government orders which require such *puttahs* to be under seal of the Board and signature of their Secretary; but Commissioner states reasons for thinking that their recall is unnecessary, and also that the delay likely to be caused by the formal sanction of Commissioner being required in all resumption cases will be considerable. 	No. 661, dated 23rd April 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Cis-Sutlej States.	Ditto	In reply, states that it is not desired that any fresh return of maafee lands, the registers of which have been already prepared by the Settlement Officer, should be made out. The instructions can have prospective effect. When the lands of headmen have been resumed and the former occupants are considered deserving of indulgence, a money payment should be proposed; and, where such is allowed, the Board would give the 5 per cent. *mokuddumee* in addition. There is no necessity to call in the *puttahs* given by Mr. Wynyard at present. When each maafeedar receives the *Sunud* issued by Government orders, he can return the former. The delay in the taking up of each resumption case can be obviated by going first into the register of those *purgunnahs* which the Settlement Officer may indicate as most urgently requiring to be disposed of.

But Commissioner thinks that it would be better to arrange that the survey of that Doab be commenced on the 1st of January, to give the Settlement Officer time to keep ahead of the survey. There being no apparent reason why it should not be so divided, the Governor-General concurs in Board's recommendation that each brother's share should be recorded. In reply to the Board's letter No. 499, dated the 3rd April 1850, calling for a report on the farm held by the Raja of Faridkot and land ceded by him to Government, forwards English and vernacular papers in original, which show that there was no farm, but that the whole transaction was simply an exchange of lands, the Raja paying the difference to Government in money, between the value of the territory transferred to and received from him, minus the grant of Rs. 35,000 per annum sanctioned by Government. Encloses list of villages, showing the *jummas* of each, which have been transferred to Government by the Raja. States that it would be well, in order to prevent further difficulty, to reduce the details to writing and obtain the seal and signature of the Raja to any instrument which may be drawn up. Enquires whether the civil, fiscal and criminal control of the places made over to the Raja will be vested in him.	Nos. 33—35.
	No. 725, dated 30th April 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Cis-Sutlej States.	Ditto	In reply, states that the translation, as remarked by Commissioner, clearly shows that no farm existed. To make the case complete, before sending it to Government for sanction, the Board wish to know whether the *jumma* shown of the villages ceded to Government is net revenue exclusive of all *inams*. Is this revenue borne on our rent roll, and which we collect, or is it the estimated value of the villages given by the Raja of Faridkot? Of the revenue made over to Faridkot, estimated at Rs. 88,686-8-0 per annum, it appears, from the 6th paragraph of Commr's. letter, that Rs. 11,588 was deducted on account of *inams*, &c. Asks for a detailed list of such *inams*, showing by whom sanctioned. The discrepancy between the amount debited to Government and that shown in the detailed list should be explained. The Deputy Commissioner of Ferozepore should be called upon to furnish complete lists, in English, of the villages given to and received from the Raja. A list of all rent-free lands—at any rate of all the villages and half villages given and taken—should also be furnished, with the names of the occupants. The civil, fiscal and criminal control will follow the rules which obtain in the Faridkot Ilaqua generally. The Raja has sovereign power.

	No. 738, dated 2nd May 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Leiah Division.	Ditto	In reply, conveys sanction to the settlement of three villages of talooqua Puneala and, with reference to the Settlement Report, observes that, where villages were leased together, and there are no means readily to ascertain the quotas paid by each it is a good plan generally to fix the assessment of the whole, allowing the heads of villages to divide off and record among themselves what shall be the future assessment of each. But, in such cases, particular care is necessary to prevent influential *Chowdrees* shifting a portion of the just onus of their villages on less influential ones. Where villages are subject to great changes in the extent of their area, a clause should be inserted in the lease, admitting of a reconsideration of the assessment where the gain or loss exceeds 10 per cent. States that many points in the vernacular record received with Commissioner's letter are not sufficiently clear; encloses a vernacular proceeding pointing them out in detail; and calls for a revised record.

832	No. 265, dated 13th May 1850 ... From—The Commissioner of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Date for transfer of jurisdiction from the Settlement Officer to the District Officer. Hearing of claims after that date.	With reference to Board's letter No. 354, dated 14th March 1850, forwards, for Board's orders, a copy of a letter from the Settlement Officer and suggests that the date on which the *Wajib-ool-urz* is accepted by the Settlement Officer should be the date from which the settlement shall be considered to have been completed and the jurisdiction to have passed from the Settlement Officer to the District Officer. Any changes occurring in the status of a village after that time should come under the cognizance of the District Officer, but, with regard to certain pergunnahs of Kaithal and Ambala settled by Captain Abbott, suggests that proclamations be issued by the Settlement Officer, requiring all persons claiming rights in land to attend and prosecute their claims within the period of two months, after which no claims will be heard by the Settlement Officer. 832—*concld.*	No. 858, dated 24th May 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Cis-Sutlej States.	Date for transfer of jurisdiction from the Settlement Officer to the District Officer. Hearing of certain classes of appeals.	In reply, states that the Board do not object to his proposal regarding the date on which the jurisdiction of the Settlement Officer should cease. With reference to changes in a village occurring through death of the proprietors, the District Officers have not the power to hear appeals from the Settlement Officers' proceedings. In such cases, appeals lie to the Commissioner and the Board only. When the cause of action has occurred previous to acceptance of the *Wajib-oolurz*, it must be disposed of by the Settlement Officer. When, however, it has arisen subsequent to acceptance of that paper, it will be cognizable by the District Officer. As regards the *purgunnahs* settled by Captain Abbott, approves of the Commissioner's suggestion, but extends the period for hearing claims to six months.	Progs. for the week ending 25th May 1850— Nos. 97—9.
833	No. 264, dated 13th May 1850 ... From—The Commissioner of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Sales of certain houses and shops at Roopar in 1849.	Forwards a list and requests Board's confirmation of the sales by Captain Abbott of certain houses and shops at Roopar in 1849, which had escheated to Government. The houses should not have been sold without authority, but there is no help for it now.	Nos. 101—03.
	No. 860, dated 25th May 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Cis-Sutlej States.	Ditto	In reply, confirms the sales and directs the issue of deeds of sale to the purchasers.	
834	No. 239, dated 13th May 1850 ... From—The Commissioner of the Lahore Division. To—The Secretary to the Board of Administration, Punjab.	Cultivation of lands deserted by the owners.	Forwards, for Board's orders, a copy of a letter from the Deputy Commissioner of Sheikhupura, proposing certain measures to bring under cultivation lands that have been deserted by the owners. States that many persons are willing to repair the wells and to cultivate the land, as also to pay all arrears of revenue due, but they fear that, in case of the owners' return, they may be ousted and thus suffer great loss. Suggests that a proclamation be put up in each village, where persons are willing to take the wells, calling upon the owners to come forward and cultivate, failing which the lands will be made over to the individuals who want them. In case of the owners returning within a year, they may be allowed to re-occupy their lands on reimbursing all expenses incurred by the new holders. In the event of their failing to come in within that period, they should be debarred from making any further claim.	Nos. 104—07.
	Circular No. 31—861, dated 25th May 1850. From—The Secretary to the Board of Administration, Punjab. To—All Commissioners in the Punjab and Deputy Commissioners of Hazara and Peshawar.	Ditto	In regard to deserted holdings, directs that, in the event of the defaulting proprietors failing to appear within a month, the lands should be transferred to other persons willing to take them. A proclamation to this effect should be put up in each village where parties are anxious to cultivate such lands. The defaulting proprietors should be allowed the right of redemption within three years, after which time the right of the party in possession will be indefeasible.

Forwards copy of a letter addressed to the Deputy Commissioner of Peshawar, regarding the duty to be charged on salt from the Kohat mines, showing a rate of 4 annas for the principal mines and 2 annas for Bahadur Khel. There are four to be kept open. For the salt of three of them a duty of 4 annas per maund has been fixed; for the produce of the other, 2 annas per maund. These rates are exclusive of the cost of excavation. States that the reason for fixing different rates is explained by Major Taylor in the enclosure to his letter, and the Board approve generally of the arrangements made, but regard them in a great measure as experimental. Their opinions on the subject will be submitted on the receipt of Major Taylor's report.	
836	No. 198, dated 15th May 1850 ... From—The Commissioner of the Leiah Division. To—The Secretary to the Board of Administration, Punjab.	Summary settlement of pergunnah Moradwur, Khangurh district.	Forwards copy of a letter from Mr. Wedderburn, Assistant Commissioner of Khangurh, with an abstract *pergunnah-war* statement of the summary settlement of pergunnah Moradwur, and explains that the decrease in the *juma* is due to the remissions it was necessary to make on account of the loss occasioned by the unusually high floods of last year. States that the method adopted by the Assistant Commissioner for determining the Government demand appears to be fair and just, and that, if the principles of the assessment are approved, they will be applied to the other Taluqas.	Progs. for the week ending 1st June 1850— Nos. 1—4.
	No 864, dated 27th May 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Leiah Division.	Ditto	In reply, states that the Board approve of and confirm the settlement for three years certain. Mr. Wedderburn's plan of including in his estimate of former collections all demands, and then fixing his assessment, making a deduction therefrom, is also approved. Remarks that, in future cases, it would be more satisfactory if the rate of *butagana zubtee* which had formerly prevailed were recorded. The tax on buffaloes and goats should be taken, as heretofore, into consideration as part of the assets of a village. Expresses the Board's satisfaction at the completion of the settlement of the pergunna and requests that 2 or 3 *misls* be forwarded for perusal. Directs that the claims of the Pathans to rights in villages be heard when preferred.

Forwards, for the Board's sanction, a statement of the summary settlement of the late Fateh-ud-din Khan's lapsed jagirs, with a copy of Captain Marsden's report thereon. 	No. 865, dated 27th May 1850 .. From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Multan Division.	Ditto	In reply, conveys sanction to the settlement and approves of the Deputy Commissioner's refusal of the offer made by the jagirdar's widow to farm the estate. 838	No. 225, dated 19th April 1850 ... From—The Commissioner of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Balances due from the villages of Soodoo and Sulla, Ferozepore district. Auction sale of proprietary rights.	With reference to the Board's letter No. 503, dated the 14th August 1849, sanctioning remission of balances of the villages of Soodoo and Sulla and calling for further information on certain points, states that, with regard to the village of Sulla, it has again fallen in arrears of the Government demand through the profligacy and want of industry on the part of the cultivators and lumbardars, the latter of whom are now in jail for theft. Forwards a copy of correspondence with the Deputy Commissioner of Ferozepore on the subject and recommends the ejectment of the lumberdars and the sale of their proprietary right for any sum that may be bid at a public auction, above the amount of the accumulated balances due, *viz.*, Rs 460-13-9.	Nos. 9—15.
	No. 866, dated 27th May 1850 ... From—The Secretary to the Board Administration, Punjab. To—The Commissioner of the Cis-Sutlej States.	Ditto	In reply, states that in support of the measure recommended (a harsh one, which should never be resorted to except in extreme cases) there is the fact that, while the lands have every advantage for cultivation, the lumberdars habitually neglect to cultivate Government having suffered thereby, the Board agree to the sale of the proprietary right.	
839	No. 867, dated 27th May 1850 ... From—The Secretary to the Board Administration, Punjab. To—The Surveyor-General of India.	Survey of the Trans-Indus district. Procedure proposed.	Forwards an extract from a letter from the Secretary to the Government of India, regarding the transfer of Lieutenant Robinson and his establishment to the Trans-Indus district for the survey of that tract and pointing out that it would be expedient for him to be placed under the orders of the Surveyor-General. Requests that Lieutenant Robinson may be furnished with the necessary instructions, and explains the line the Board would wish to be followed. Also that they would like assistance or orders to ensure the accuracy of the revenue and other surveys in the Punjab, and to get a chain of triangles run across the Bari Doab, to verify the surveys of levels now closing their work and the revenue surveys about to begin. Asks whether the Surveyor-General would like to have Lieutenant Robinson with him at Mussoorie for the purpose of being instructed in the geographical points which the revenue surveys are now expected to embrace. In continuation of letter No. 104, dated the 15th January 1850, forwards a copy of a letter and its enclosures, received from the Secretary, Sudder Board of Revenue, respecting the disputed boundary between Patiala and Hissar. States that the settlement of the Hissar villages having been founded on the survey made previous to settlement, the proprietors are of course entitled to the area then allotted to them. His Honour the Lieutenant-Governor must, therefore, hesitate to assent now to any new demarcation which would transfer to the Patiala villages lands previously settled with the proprietors of the Hissar villages.	Nos. 19—21.
	No. 869, dated 27th May 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Cis-Sutlej States. They would not reopen any *decided* case, but as it seems to be necessary to ascertain what was decided in regard to certain villages now divided between Hissar and the territory of the Maharaja of Patiala, which were formerly all in the Hissar district, the Commissioner is requested to obtain this information if possible.

Ditto	In reply, states that the Board agree to the restoration of the lands and the refund of the money collected, the tenures being left for subsequent investigation; but they would have preferred Commissioner to go into the case and submit it in such a shape that the validity of the tenures might have been determined.

845	No. 20, dated 6th May 1850 ... From—The Accountant-General, North-Western Provinces. To—The Secretary to the Board of Administration, Punjab.	Payment of pensions half-yearly.	Intimates that it is advisable that the payment of pensions should take place half-yearly in July and January, as this would materially lessen the work of the Account and Audit offices. The payment could be made at seasons most convenient for that purpose, with reference to the periods at which the largest land revenue collections are made. If the Board approve of the suggestion, suggests that it would be desirable to revise the orders in those cases in which monthly or quarterly payments have been already sanctioned.	Nos. 46—8.

Forwards copy of a letter from the Deputy Commissioner of Khangurh, reporting the measures taken by him to secure the revenue of the present *Rubbee* in the unassessed Taluqas of his district. States that the proposed arrangement appears to be fair and unobjectionable, *viz.*, to take "on account" one-half of the average payments for the spring crops during last 3 years, the instalment to be paid on the 1st June, and the settlement to be, in the meantime, carried on, dating from commencement of the present *Rubbee*; the balance, that is, the difference between the assessed *jama* and the instalment paid up, to be adjusted hereafter. Explains that Major Taylor had no alternative but to act as he did, or sacrifice the revenue claimable from Munzur Khan, who absconded from Bannu sometime since and would have taken advantage of the distance of his fields from Bunnoo to reap the crop in the night and carry it off to the hills. States that, before doing this, Major Taylor had endeavoured to induce the tribe to pay up the instalment, but they refused, alleging their fear of the chief as the reason. Remarks that the example will probably deter other Waziries from imitating the recusancy of Munzur Khan.	Nos. 54—6.
	No. 879, dated 29th May 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Leiah Division. In reply, states that the instructions of Government communicated to him with Major Burn's letter No. 45, dated the 27th May 1850, meet the points raised in his letter, the only point undecided being the pay of hostages given by the Afreedees. The Board request him to state how many hostages he would propose to take and what pay he would give each of them. On receiving this information, the Board will apply for the orders of Government.	Progs. for the week ending 8th June 1850— Nos. 13-14.

	No. 910, dated 5th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Officiating Commissioner and Superintendent of the Cis-Sutlej States.	Ditto Khunnah estate.	In reply, conveys sanction to the reduction, to such extent as may seem advisable to Commissioner, and to the remission of the balances now due. The Board approve of the rules which Mr. Campbell has followed in the preparation of the settlement record of the villages of the Khunnah estate.	
860	No. 282, dated 18th May 1850 ... From—The Officiating Commission and Superintendent of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Certain villages in Ambala and Kaithal not assessed by Captain Abbott.	Reports that in the Salhur Talooqua of Ambala and in the pergunnahs of Kaithal, which were settled by Captain Abbott, there were some villages which for reasons unknown were not assessed by that officer, though they were surveyed and a *khewut* showing the extent of each zemindar's holding was prepared. Since then, some of these villages have lapsed, others have been confiscated and have called for assessment which has been usually fixed by the District Officer. Solicits instructions for his future guidance.	Nos. 21-2.
	No. 912, dated 5th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Officiating Commissioner and Superintendent of the Cis-Sutlej States.	Ditto Special powers conferred on Deputy Commissioners.	In reply, states that the Board authorize the Commissioner to invest the Deputy Commissioners of Ambala and Kaithal with the powers described in Regulation 7 of 1822, to make settlements of villages circumstanced as were those in the Salhur Talooqua of Ambala and in the pergunnah of Kaithal, whenever it may appear expedient.

861—*concld.*	No. 913, dated 5th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Leiah Division.	Summary settlement of the Durya Khan pergunnah.	In reply, states that the Board approve of and confirm the settlement for three years certain. They remark that the present assessment has been fixed on the average of the collections of the three preceding years, but, if the Deputy Commissioner had recorded what proportion of the crop the former collections are supposed to represent, it would have enabled the Board more accurately to determine the merits of the present assessment. Such data should never be omitted from a report. As regards the tenures, the Board observe that, if the Deputy Commissioner will select and forward the records of four villages, the Board will be able to come to a decision on the above points and also to judge how the interests of the coparceners and sub-tenants have been guarded.	Progs. for the week ending 8th June 1850— Nos. 23—6.
		Advances for canals, tanks, etc.	As regards irrigation, the Board will be prepared to sanction such moderate advances of money as will enable the people to excavate small canals, dig tanks, &c., such advances to be repaid by the proprietors by instalments in three to five years. Their profit will consist in the Government binding themselves to make no addition to the revenue on account of such improvements for a term of years. The Board observe that advances of money for such purposes, made with caution and after due enquiry, cannot fail to be productive of much good. To prevent zemindars obtaining such advances for private purposes, suggests that, when advances are about to be made, the proprietors of villages through which a canal will pass should all be consulted and, through their representatives, should agree to the loan being taken and fix the mode of repayment, &c.	
		Date and mango groves.	The Board desire a report on the farming of date and mango groves. They do not approve of the arrangements under which waste land may be broken up, and offer suggestions on this point.	
		Settlement to be in the Company's rupees, but other currency to be accepted.	They think it right to make the settlement in the Company's rupees, but remark that the reception of all dead currencies should be encouraged, the object being to withdraw them as rapidly as possible from circulation. Care must be taken not to oblige the cultivators to pay in Company's rupees, as, owing to the present scarcity of that coinage, the Shroffs will combine and put a heavy premium on it. Notices should be put up at every tahsil explaining the rates at which the different currencies will be received and credited.

Claim regarding land taken up for the Feroze p o r e cantonment.	In reply, observes that it appears from the correspondence that the land was taken up in 1844-45, whereas the Commissioner applies for compensation only from 1846. A certain sum seems to be in the Inefficient Balance of the Ferozepore treasury on account of compensation for these very lands. Information is required as to the total compensation claimed, for what period, and what sum remains due. Points out, further, that it is not clear whether it is intended that the *jama* for the future should be reduced, or an annual payment of Rs. 156-5-3 made, so long as the land is occupied for cantonments. Progs. for the week ending 8th June 1850— Nos. 149—53.
	No. 961, dated 8th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Lahore Division.	Ditto	In reply, states that the Board are willing to recommend to Government the grant to the Lahore Mission of the whole estate, with the reservation that the claims of the occupants of the shops shall be satisfied by the Missionaries and that the parties shall not be ejected or forced to sell. The application to Government will be deferred till the Board receive from the Commissioner a record of the number of shops, and the tenures on which they are occupied.	
880	No. 963, dated 10th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Lahore Division.	Resumption of a well held by Mussammat Desa.	Forwards copy of a vernacular proceeding by Mr. John Lawrence, directing that a well which appears to have been held by the late Mussammat Desa, besides the jagir already directed to be resumed by the Board's vernacular proceeding, dated the 4th May 1850, be also resumed, if found to have been held by her.	Progs. for the week ending 15th June 1850— No. 4.
881	No. 965, dated 10th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Jhelum Division.	Resumption of the village held by Karamdad and Peer Bakhsh and the ex-jagirdars of Mauza Khokhur.	Forwards vernacular proceeding by Mr. John Lawrence, calling for the files of proceedings in the case of Karamdad and Peer Bakhsh and the ex-jagirdars of Mauza Khokhur, who have appealed from the Commissioner's order directing resumption of their village.	No. 6.
882	No. 115, dated 21st May 1850 ... From—The Commissioner and Superintendent of the Trans-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Demarcation of purgunnah boundaries in Jullundur district.	With reference to the Board's letter No. 562, dated the 1st April 1850 (General Department), forwards copy of a letter from Mr. Scott, Settlement Officer, reporting on the progress made in the settlement of the Jullundur district and proposing that the demarcation of Purgunnah boundaries be deferred for a time.	Nos. 9—11.
	No. 968 dated 10th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Trans-Sutlej States.	Ditto	In reply, remarks that the arrangement of Pergunnahs and the division of tahsils need not be finally settled at present. While, however, the Board have no wish to hurry the Settlement Officer in regard to the pergunnah boundaries, they consider this work to be of a kind which it is very necessary to finish quickly, as maps cannot be prepared and copied till the boundaries are defined. The Surveyor-General and the Board are very anxious to have copies of the maps.

883	No. 148, dated 16th May 1850 ... From—The Commissioner and Superintendent of the Multan Division. To—The Secretary to the Board of Administration, Punjab.	Irrigation and cultivation near the fort of Multan. Causes of malaria doubtful.	Forwards copy of correspondence and proceedings of a committee regarding irrigation and cultivation near the fort of Multan. Observes that two members of the committee differ from the majority regarding the propriety of permitting cultivation at all, and remarks that the cause of malaria is by no means a well ascertained fact, the disease being found equally in the dampest as well as in the driest and most arid places. The doctrine of ordinary cultivation being injurious to health, would be most difficult to substantiate. Trusts that the conversion of the rich and fertile neighbourhood of Multan into an arid and sterile desert will not meet with the approval of Government.	Progs. for the week ending 15th June 1850— Nos. 17—19.
	No. 969—290, dated 10th June 1850 From—The Secretary to the Board of Administration, Punjab. To—The Secretary to the Government of India.	Ditto	Forwards a copy of the preceding and states that the Board trust that a prohibition of all cultivation within a mile, as was done at Peshawar, will not be enforced without full enquiry and more expert opinions.	
884	No. 229, dated 3rd June 1850 ... From—The Commissioner and Superintendent of the Leiah Division. To—The Secretary to the Board of Administration, Punjab.	Settlement of pergunnah Munkhera, Leiah district	Forwards copy of a letter from the Deputy Commissioner of Leiah, reporting the settlement of pergunnah Munkhera for 3 years, at an annual *jama* of Rs. 57,942-5-0. Remarks that the *jama* of the present settlement, after deducting petty cesses, is Rs. 593-11-6 higher than the average revenue of the 3 preceding years. It is not easy to understand what the tenures are. The Deputy Commissioner says there are none, but, from his description, they would appear to be imperfect *putteedaree*, each village community consisting of proprietary cultivators, who appoint head men as their representatives. These men, whose names are inserted in the *puttas*, will now be raised to the position of hereditary lambardars, subject to removal on proofof misconduct.	Nos. 23—6.
	No. 971, dated 10th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Leiah Division.	Ditto	In reply, the Board confirm the settlement for 3 years certain. Observes that it has been correctly made on the recorded collections of 3 years, but, as in the settlement of Dera Ghazi Khan, &c., it would have been well had the proportion that the collections in each village bear to the whole crop been recorded. It is from such data alone that a just criterion of the equity of an assessment can be found. With regard to the tenures, it is probable that, when the Deputy Commissioner has obtained a fuller insight into the subject, he will discover that the tenures are not so imperfect as a cursory enquiry would lead one to suppose. It is the object of Government to ascertain and define the tenures of land and to make them as valuable to the occupant as possible by giving them a light assessment and a secure title.

885	No. 396, dated 29th May 1850 .. From—The Secretary to the Government of India. To—The Secretary to the Board of Administration, Punjab.	Account of Sher Muhammad Khan, Tewanah.	States that the Governor-General has passed the account of Mullik Sher Muhammad Khan, Tewanah, submitted with letter No. 242, dated the 9th May, and authorizes the payment to him of the balance due, Rs. 5,386-5-3, as recommended by the Board.	Progs. for the week ending 15th June 1850— Nos. 27-8.
	No. 972, dated 10th June 1850 .. From—The Secretary to the Board of Administration, Punjab. To—The Deputy Commissioner of Lahore.	Ditto	Forwards a copy of the preceding and requests him to disburse the amount to Mullik Sher Muhammad Khan, Tewanah.	
886	No. 113, dated 20th May 1850 ... From—The Commissioner and Superintendent of the Trans-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Calculation of penalty of double duty on salt.	Refers the question whether the amount paid on a *rawanah* for salt should be included or excluded in calculating a penalty of double duty imposed for breach of custom laws.	Nos. 36—8.
	No. 977, dated 11th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Secretary to the Government, North-Western Provinces.	Ditto	Fowards a copy of the preceding and states that the case out of which the claim arises is the one in which His Honour the Lieutenant-Governor decided, in November 1847, that the salt should be released on payment of double duty. The parties have been mulcted to the extent of Rs. 3,004-4-10, more than the double duty, and the Board, therefore, solicit the decision of His Honour in the matter, the point being that the Deputy Collector of Customs alleges that it is the invariable rule in his department not to take into account the duty paid on the first *rawanah* and that the double duty is levied in addition.	
887	No. 285, dated 3rd June 1850 .. From—The Commissioner and Superintendent of the Lahore Division. To—The Secretary to the Board of Administration, Punjab.	Procedure to be observed in investigation of rent-free tenures.	Forwards copy of a letter from the Settlement Officer, Rechnah Doab, on the subject of the investigation of rent-free tenures, and requests that if any lists exist of the muafee grants investigated by Dr. Login or other officers, he may be furnished with a copy. If there is no such list, the Settlement Officer must refer to the Board whenever, in the progress of investigation, a muafeedar asserts that his case has been disposed of.	Nos. 41—3.
	No. 978, dated 11th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Lahore Division.	Ditto	Forwards a list of the muafee cases investigated by Dr. Login and states that, as the lists are disposed of, copies will be sent to Commissioner. In regard to cases where parties assert that their tenures have been investigated, or are before the Board, the Settlement Officer may either refer direct by a *roobkaree* or suspend proceedings till October, by which time all cases before the Board will, it is hoped, be disposed of.

888	No. 288, dated 4th June 1850 ... From—The Commissioner and Superintendent of the Lahore Division. To—The Secretary to the Board of Administration, Punjab.	Proposed grant of allowance to juries summoned to decide cases.	Transmits, for the opinion and orders of the Board, a copy of a letter from the Settlement Officer, Baree Doab, proposing that juries summoned to decide cases should have an allowance granted them with a view to reform the corrupt practice, now general, of arbitrators in suits secretly exacting food and money during the term of their sittings. Suggests a scale of fees to be paid by litigants.	Progs. for the week ending 15th June 1850 — Nos. 44—6.
	No. 978½, dated 11th June 1850 From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Lahore Division.	Ditto	In reply, conveys sanction to the arrangement and scale proposed by the Settlement Officer, and recommended by Commissioner.	
889	No. 440, dated 31st May 1850 ... From—The Secretary to the Government of India. To—The Secretary to the Board of Administration, Punjab.	Grant of Rs. 50 per annum to the Brahmin in charge of the cenotaph of a late chief of Chumba.	In reply to the Board's letter No. 253, dated the 17th May 1850, conveys sanction to a grant of Rs. 50 per annum, with effect from 1846, payable from the village of Nistee, to the Brahmin in charge of the cenotaph of one of the late chiefs of Chumba.	Nos. 47-8.
	No. 979, dated 11th June 1850 ...	Ditto	Ordered that a copy of the preceding be forwarded to the Commissioner of the Trans-Sutlej States, with reference to his communication No. 101, dated the 7th May 1850.	
890	No. 173, dated 30th May 1850 ... From—The Commissioner and Superintendent of the Multan Division. To—The Secretary to the Board of Administration, Punjab.	Claims of the Mukhdoom of Bahawal Huk to *malikana* of mauza Sahee Rutt, pergunnah Khaee.	Submits, for the Board's orders, a statement of the claims of the Mukhdoom of Bahawal Huk to the *malikana* of mauza Sahee Rutt, pergunnah Khaee. States that Sawun Mull granted a *Sunud* to the Mukhdoom, giving him one-fourth of the produce, in lieu of the one-third formerly held by him on the rent wells. The arrangement continued till annexation, when Mr. James, the Deputy Commissioner, leased the whole estate, including the Mukhdoom's share, for Rs. 134 per annum, to the proprietors. The Mukhdoom wishes to be allowed to collect in kind, as before, which would be decidedly objectionable, but Commissioner considers that the Mukhdoom has a reasonable claim for one-third. Requests sanction to the Mukhdoom being paid either the one-third or one-fourth from the collections of the village *till* the revised settlement.	Nos. 66-7.
	No. 985, dated 11th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Multan Division.	Ditto	In reply, states that the Board do not object to the payment of one-fourth of the revenue of Mauza Sahee Rutt to the Mukhdoom. The amount, *viz.*, Rs. 33-8-0, will increase as the country prospers. A deduction should be made in the rent-roll of the village and the *malikana* paid in money, not in kind.

891	No. 113, dated 22nd February 1850 From—The Commissioner of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Jagir of half the village of Burrote, Pergunnah Ladwa	Forwards, for Board's orders, a reference from the Settlement Officer, relative to the manner in which effect is to be given to the orders of Government on the jagir of half the village of Burrote, pergunnah Ladwa.	Progs, for the week ending 15th June 1850— Nos. 68—70.
	No. 986, dated 11th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Cis-Sutlej States.	Ditto	In reply, states that it seems to have been the intention of Government that the settlement should be made with jagirdars at ½ *jama* in perpetuity, but the order was based on the representation of the Commissioner that the jagirdars were likewise zamindars, which subsequent enquiry has proved to be inaccurate. The Board approve of a pension of Rs. 250 per annum being assigned to the present holders, as proposed by Mr. Wynyard, and the subsequent reduction to Rs. 201-8-0. The best plan, however, would be to record the share of each individual, allowing him the option of buying it up at 10 years purchase. Only the individual claimants, and not the heads of clans, seem to be entitled to shares. When the Board receive the Settlement Officer's statement of the number of jagirdars and the shares of each, they will be prepared to make a reference to Government.	
892	No. 224, dated 18th April 1850 ... From—The Commissioner and Superintendent of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Transfer of two villages by the Raja of Faridkot to the British Government.	With reference to letter No. 196, dated the 8th April 1850, forwards, for information, copies of letters from the Deputy Commissioner of Ferozepore, with a sketch map, relating to the transfer of the two villages, Bhagtulla and Morawala, by the Raja of Faridkot to the British Government. Remarks that the object of his predecessor in applying for the cession of these two villages appears to have been to secure the command of the high road running from Ferozepore in the direction of Karnal; but explains that this object will not be attained, and suggests that the village of Toonta be substituted.	Nos. 71—7.
	No. 987, dated 12th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Cis-Sutlej States.	Ditto	In reply, the Board would like to see the position of the villages in a revenue survey map before finally disposing of the matter. The terms of the exchange should be agreed on by both parties before the transfer is proposed. Should the survey not have gone over these villages, Captain Stephens should be asked to send a surveyor to make an outline survey, showing their relative positions.	
893	No. 16, dated 1st February 1850 ... From—The Officiating Superintendent of Bhutteeana. To—The Secretary to the Board of Administration, Punjab.	Transfer of the Bhynek villages of the Khan of Mumdote to the British Government.	In continuation of letter No. 59, dated the 14th August 1849, forwards a copy of correspondence relating to the Bhynek villages of the Khan of Mumdote, stating that it is apparent from the Board's order that the intention of Government was that they should be under British control and annexed to Bhutteeana. Encloses a petition from the *zamindars* complaining of anarchy in the villages.	Nos. 78—81.

894	No. 297, dated 25th May 1850 ... From—The Commissioner and Superintendent of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Rent-free tenure of Mauza Sibyan, Ilaqa Busseean.	Submits, for Board's consideration, an extract from a letter from the Settlement Officer, regarding the rent-free tenure of Mauza Sibyan, in Ilaqa Busseean. States that both the original grantees, who held under grant by the Raja of Jhind, are dead and their heirs have no actual title to the recognition of the grant in any form, but, seeing that the lands were, at the time of the original grant, uncultivated and that the present occupants must be considered proprietors of the village, recommends that they be admitted to engagements at two-thirds of the *jama* which may be fixed by the Settlement Officer. The grant was for service.	Nos. 84—6.
	No. 990, dated 12th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the is-Sutlej States.	Ditto.	In reply, concurs in Commissioner's opinion and sanctions his proposals.	
895	No. 188, dated 15th May 1850 ... From—The Secretary to the Government of India. To—The Secretary to the Board of Administration, Punjab.	Sanction to the grant of certain jagirs.	Conveys sanction to the statement of jagirdars submitted with Board's letter No. 209, dated the 20th April 1850, and states that, since great difficulty is experienced in preparing such statements owing to the non-attendance of parties, His Lordship recommends that a certain date be fixed within which jagirdars are expected to appear. If they neglect the order, their jagirs should be resumed. Without some such order, the task of adjudicating will be endless.	No. 87.
896	No. 300, dated 27th May 1850 ... From—The Commissioner and Superintendent of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Summary settlements of estates in the Ferozepore district.	Submits, for Board's consideration, copy of a letter, with enclosures in original, from the Deputy Commissioner of Ferozepore, being summary settlements from the beginning of 1848 to the end of April 1850 of estates in that district. The statements do not contain sufficient information, neither does the Deputy Commissioner's letter convey any notion of the principle by which he has been guided or of the date on which he has depended; but, notwithstanding these defects, no good purpose would be served by disallowing or interfering with the arrangements. Many of them have been in force for upwards of 2 years and the lessees might be alarmed by any general disavowal of the Deputy Commissioner's acts. It is possible that the settlements in themselves may be good and equitable. Recommends their being sanctioned, subject to certain exceptions. The reports submitted by the Deputy Commissioner of Ferozepore of summary settlements effected by him in certain pergunnahs were received in the Commissioner's Office in 1848, but were never submitted to higher authority If the Board desire it, they can now be submitted for inspection. In reply, sanctions Commissioner's recommendations and authorizes immediate revision of the settlement of a village mentioned as assessed too high. States that the Board have no desire to now inspect the old reports of the Deputy Commissioner's summary settlements which ought to have been submitted to higher authority at the time they were received in Commissioner's office. The time for revising the arrangements has passed by.	Progs. for the week ending 15th June 1850— Nos. 88—92.
897	No. 266, dated 13th May 1850 ... From—The Commissioner and Superintendent of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Suitability of Thanesar as head-quarters of a district.	With reference to Board's letter No. 622, dated the 17th August 1849, and Commissioner's letters Nos. 152 and 203, dated the 14th March and 11th April 1850, forwards reports from the Deputy Commissioner of Kaithal and the Settlement Officer. Suggests that, if it is decided that Kaithal is to remain a separate district, early orders should be issued for the location of the head-quarters at Thanesar, in order that steps may be taken for the acquisition and improvement of the site and for the construction of the necessary buildings, public and private. Concurs with Mr. Wynyard that proposals for fixing boundaries of tahsils or sub-divisions should be postponed until the completion of settlement work; but that the postponement of definite measures in this respect need not interfere with the proposed transfer of Shahabad from the Ambala to the Kaithal district, in exchange for Udhoah, thus giving a better boundary line between the two districts.	Nos. 104—10.

	No. 996, dated 13th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Cis-Sutlej States.	New district of Thanesar sanctioned.	In reply, states that the Board concur in the reasons given by Commissioner for the continuance of a separate district, and they further agree that Thanesar should be the Suddur station of the district, to be called henceforth the district of Thanesar. The board authorize Commissioner to acquire the site selected by Captain Larkins and to give the holders, as proposed, other lands equal in extent, with compensation for wells. Conveys instructions in regard to the construction of a jail and public offices. While admitting the difficulties connected with the fixing of tahsil and sub divisional boundaries, the Board emphasise the urgency of the work, and explain that all lands, whether *jagir* or *khalsa*, not belonging to independent States, should come into divisions, whether assessed now or arranged by a *Wajib-ul-urz*.

Demand of water-rent from certain villages of the Kangra district on account of irrigation from the Husli canal.	Submits copy of correspondence regarding water-rent demanded from certain villages of the Kangra district on account of irrigation from the Husli canal, and supports the Deputy Commissioner's recommendation that the villages should be exempted from any extra demand for water-rent. If necessary, the amount of revenue derived from irrigation produced by the canal might to calculated and remitted to the Canal Department year by year.	Nos. 129—33.
	No. 1007, dated 15th June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Trans-Sutlej States	Ditto	In reply, states that the Deputy Commissioner argues forcibly in favour of exemption for the villages, but the Board think that it will be better to maintain the water-rent and, if the revenue assessment is too high, to reduce it. The rate, though objected to by Mr. Barnes as too high, has always been Rs. 2 *per gumao* since the time of Maharaja Ranjeet Singh, but if the rate is found to be excessive, it may be reduced hereafter. Moreover, it is entirely optional with the villagers to take or refuse water. The Board authorize Mr. Barnes to revise the settlement with reference to the water-rent demands; and request that a return of the villages lying along the Husli canal and irrigated from it, and a return of an equal number in their vicinity not irrigating, may be furnished so that the average rate of the assessment may be ascertained.

Forwards, for Board's orders, a copy of a letter from the Settlement Officer, requesting authority to bring all jagir villages under the operations of the *khusrah* survey and assessment, on the ground that in its letter No. 418, dated the 31st March 1849, the Government has prescribed this course. 912	No. 246, dated 12th June 1850 ... From—The Commissioner and Superintendent of the Leiah Division. To—The Secretary to the Board of Administration, Punjab.	Summary settlement of Talooqua Nevela, Dera Ismail Khan.	Forwards copy of a letter from the Assistant Commissioner of Dera Ismail Khan, reporting the summary settlement of Talooqua Nevela for 3 years, at an annual *jama* of Rs. 8,955, which after allowing for diluvion and remitting house-tax, is a reduction of about 12 per cent. on the average revenue of the four preceding years. As regards the village of Chawun, which has been entirely carried away by the river, suggests that the zamindars might be induced to build on a new site, which would be better than erasing the village from the register, as proposed by the Assistant Commissioner. The Government demand appears to be light in the Nevela Talooqua, and the landholders of the villages subject to encroachments of the river ought to be satisfied to have their lands measured carefully and assessed by *bigah* rates, no alteration to be made where the loss or gain does not exceed 10 per cent. on the area during the period of settlement.	Progs. for the week ending 22nd June 1850— Nos. 99—103.
	No. 1063, dated 21st June 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Leiah Division.	Ditto	In reply, the Board sanction the settlement for 3 years certain and until a revised settlement. It is presumed that the settlement commences from 1907 *Sumbat* (the current year). The village of Chawun should not be erased from the general register of the district, but should be expunged from the Government rent-roll (*kistbundee*) and added to the list of *kham* holdings. Any land which may from time to time be recovered from the river should be subjected to a moderate *bigah* or *gumao* rate. Any villages liable to inundation can be measured and the assessment subjected to decrease or increase, as proposed.

Solicits Board's instructions regarding the terms on which waste lands may be brought under cultivation, there being a prospect of some of the inundation canals being soon opened. Refers to the practice under the late Government and states that Commissioner would recommend that, whenever the opening of an old, or digging of a new, canal is decided on, the waste land lying along its banks should be marked off into lots. Any persons having ancestral claims may then be allowed the first choice of as much as they can undertake. The remaining lots could be given to other settlers at 2 years' rent-free and thereafter a gradually increasing rent from Rs. 15 to Rs. 75 per 100 acres. 924	No. 320, dated 6th June 1850 ... From—The Commissioner and Superintendent of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Report on the six villages, known as the Talooqua of Mundee, which had been in the possession of the Sirdarnee of Khunnah.	In continuation of No. 123 of 1st March, submits a report on the six villages which had been in the possession of the Sirdarnee of Khunnah or the revenue of which she had received. Colonel McKeson states, in his letter No. 886, of 21st September 1849, that these villages (composing what is called the Talooqua of Mundee) were given by Raja Gujput Singh, founder of the Jheend principality, to his grandson, Hurree Singh, and this fact is undisputed. On the death of Hurree Singh, in 1812, without heir, his widow, Dya Koonwar, succeeded to the possession of these five villages, as well as to that of the sixteen villages composing the Khunnah estate, which has recently lapsed to Government. Two claims have been preferred to these villages; one by the Raja of Jheend, Surroop Singh—the other by the Budrookeean Sirdars, who represent the younger branch of the Jheend family. Forwards a genealogical tree, showing the relation of the parties claiming. It appears clear that, on the precedent of the Jheend succession, the claim now preferred by the Budrookeean Sirdars to the Talooqua of Mundee must be rejected. In 1844, according to agreement, the management of all five villages passed into the hands of the Raja of Jheend, and the widow continued to receive from him (until her death) cash in satisfaction of her claims; but there is some obscurity as to the exact amount. Commissioner is of opinion that the analogy of Raja Surroop Singh's succession to Jheend should hold good in this case, and the sixth village, Kilreean, having long been in his possession, should, if the villages of Talooqua Mundee remain in the possession of the Raja of Jheend, follow the same rule.	Progs. for the week ending 29th June 1850— Nos. 72—4.
		Claimed by Raja of Jheen and by the Budrookeean Sirdars.		
	No. 324—1108, dated 26th June 1850. From—The Secretary to the Board of Administration, Punjab. To—The Secretary to the Government of India.	Ditto	Reports that the decease of the Ranee was reported to Government on 1st March 1850, No. 283. The estates, comprising the sixteen villages and valued at Rs. 40,000 per annum, have lapsed to Government. Gives details of the Raja of Jheend's claim to inherit the six other villages, and forwards copy of Commissioner's letter and enclosure. States that the Raja's position relatively to Hurree Singh is precisely the same as his position was relatively to Sungut Singh, the late Raja, and it is argued, that if he was allowed in that case to succeed, he should also succeed Hurree Singh. The Board think the analogy holds good, and, as the Raja of Jheend has had possession of the villages for some years past, they would allow him to retain them in perpetuity.

Summary settlement of the 16 villages comprising the lapsed Khunnah estate.	Submits copy of a report by the Deputy Commissioner of Ludhiana on the summary settlement of the villages compromising the lapsed Khunnah estate. The result of his proceedings regarding six other villages unconnected with Khunnah is included in the statement, and the *jama* of both is assessed at Rs. 27,050. Commissioner thinks that the assessments are generally equitable, the leases tendered having been, in every case, accepted without hesitation. Recommends the assessments until revision of settlement. Adds that the Deputy Commissioner has been called upon to report regarding the six villages held in jageer and assessed. One of these, Sibeean, was reported on separately in Commissioner's letter No. 297, of 25th May. In regard to Bootharie and Dhode, of pergunnah Ghoouronah, submits extracts from the register of rent-free tenures forwarded by Captain Larkins in 1848, and recommends that the assessment of the whole be sanctioned, subject to such orders as may be passed in regard to the three villages above mentioned, and of Rajowanah. The sooner the villages held in jageer are investigated, the better. Requests that the report on jageers of the Ludhiana district, prepared by Captain Larkins, may be submitted for orders.

Recommends that the lands in Jhoke, on which the building stands, and 50 acres in addition, be declared rent-free, and that the rest of the village be resumed and settled with the zamindars, if any; or with the disciples or *chelas* of Baba Harrihar. 979	No. 199, dated 1st July 1850 ... From—The Commissioner and Superintendent of the Multan Division. To—The Secretary to the Board of Administration, Punjab.	Claims of Musulmans to rent of the shops attached to Ali Muhammad Khan's mosque in the Multan bazar.	Solicits Board's orders regarding a large mosque, called Ali Muhammad Khan's, in the bazar of Multan, under the raised terrace of which is a row of shops, the rent of which used to be expended on the mosque. The rent was not allowed to them by the Assistant Commissioner, whose order, on appeal, Commissioner upheld; but, the case being a peculiar one, Commissioner would recommend that the amount of the shops, *viz.*, Rs. 6-12-0 per annum, be looked upon in the light of a pension and paid, as such, to Ujub Singh and his heirs, and the shops given up to the Muhammadans. Remarks that there are other cases of similar possession by Hindoo devotees of Moslem shrines or buildings attached to them.	No. 116-17.

At the same time, the Board would prefer that he should voluntarily give up possession, rather than be ejected and constrained to accept the amount of the rent as pension. They, therefore, request to be informed what pension would induce Ujub Singh to give up possession voluntarily. The Commissioner should submit a report in regard to such mosques as he would propose to restore.

As regards the latter, some Patiala lands were included in the Hissar boundary and are still in possession of that State. Commissioner has written for information on the subject and will report hereafter. As regards the territorial question, Mr. Conolly, some years ago, proposed to retain six villages and to give instead seven in another place, by which exchange Patiala would have been a great gainer, but Patiala refused to negotiate on this basis. Suggests measures for bringing matters to a head.	Nos. 72—4.

1082—*concld.*	No. 1532, dated 8th August 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Cis-Sutlej States.	Disputed boundary between Patiala and Hissar.	In reply, states that, though the Board concur with the Commissioner that Patiala has no claim to consideration, they are unwilling to declare the villages forfeit without once more giving that State the option of accepting the arrangement proposed for the settlement of the territorial question. They, therefore, authorize Commissioner to carry out his proposal for the cession of Theree in the time stated. If the Patiala authorities fail to attend to the requisition, Commissioner is to consider the question of the Neilu lands finally settled.	Progs. for the week ending 10th August 1850— Nos. 72—4.

	No. 1534, dated 8th August 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of Customs, North-West Frontier.	Ditto Board's objection to the new line. Control of the Sutlej line.	In reply, observes that the total cost of the establishment proposed cannot be less than 25 per cent. of the probable income. It appears worthy of consideration whether some part of the force now proposed might not be reduced. The Board were averse in the first instance to a line absolutely prohibiting trade in salt from one province to the other, but it will be desirable, perhaps, to continue the system till the end of the present official year. Before giving instructions regarding the disbursement of any expenditure, the Board consider it necessary to make a reference to Government, to ascertain if the line on the Sutlej is placed entirely under their orders.	
1084	No. 1535, dated 8th August 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Multan Division.	Collections on the new Sutlej line. Nos. 79-80.
	No. 1536, dated 8th August 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Jhelum Division. Claims of Sumpoorun Singh, representative of the Bagreean family. Alms house at Bagreean. Dyalpoor, a village claimed by Nabha and Jhind.	Submits a report, with recommendations, on the claims of Sumpoorun Singh, the representative of the Bagreean family, together with a statement of the villages claimed as his jagir. States that the father of Sumpoorun Singh, Bhaee Bahadur Singh, was very respectable, and applied the income of the villages to good purposes. As a very large income cannot be required for the alms house at Bagreean, Commissioner does not think it necessary to uphold all the grants in British territory. Recommends resumption of certain villages and the release of others, the proceeds thereof being applied to charitable purposes. Also the confirmation, rent-free, of Bagreean to Sumpoorun Singh as a heritable jagir, and that Dyalpoor be upheld in perpetuity to the Bagreean family, thus settling the dispute between Nabha and Jhind, who both lay claim to Dyalpoor.	Nos. 87—93.
	No. 1540, dated 8th August 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Cis-Sutlej States.	Ditto	In reply, states that the Board concur in Commissioner's recommendations and Government will be addressed, but they require to know the *jama* of each village, without which information the effect of the recommendations cannot be shown. As regards Bagreean and Dyalpoor, the former should be confirmed to Sumpoorun Singh as a heritable jagir, rent-free, but the Board cannot confirm Dyalpoor to him, as proposed, without further enquiry. Calls, therefore, for the vernacular proceeding in the case and enquires for what period Nabha had possession.

Referring to Board's letter No. 1160, dated the 3rd July 1850, forwards a copy of a letter and a sketch map, from the Deputy Commissioner of Dera Ghazi Khan, showing the relative position of the two cantonments for cavalry and infantry. The men have hutted themselves and it would be advisable, therefore, to allow them to remain where they are till the cold weather, when the hospital returns of each regiment will give evidence as to the best site.	Progs. for the week ending 10th August 1850— Nos. 94—8.
	No. 1541, dated 8th August 1850 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Leiah Division.	Ditto	In reply, states that the Board are still of opinion that the cantonments for both cavalry and infantry should be on the same site. The important question is the selection of the most healthy site. The men may remain in their present lines till the cold weather and the hospital returns from each regiment will, as suggested, afford the best means of testing the salubrity of each.

Freight required for other State property *en route* to England.	In reply, states that it will not be possible to have the treasure at Bukree and Rajghat by the time mentioned, as the orders of Government for its despatch have not yet been received. Under the circumstances, the Board think that it will be better to relinquish the plan of having a steamer on the Jhelum and to have both the steamers on the Sutlej, as freight will be required, in any case, for a considerable quantity of State property about to be despatched to England, making, with the treasure, about 70 tons which the Board consider could be at the Ghats before the end of October.

Ditto Groves and gardens owned by Government to be leased.	In reply, returns the correspondence and states that lands occupied by mango groves and gardens should be assessed at the village rates, unless especially exempted, as a contrary course would entail a considerable loss of revenue in the Jullundur Doab, where the lands so occupied form a large extent of area. Remarks on the practice under Sikh rule and directs that, where groves and gardens are the property of Government, they should be let to the best advantage, like Nuzzool property.

Submits copy of a report from the Deputy Commissioner of Dera Ismail Khan, regarding the claim of Mullik Allyar Khan, of Kalabagh, to compensation for loss of revenue due to abolition of customs duties on the line of the Indus. The duties were formerly a main item of his receipts. He possesses very little land, and it appears but fair that he should receive some indemnification for his losses, which amount to Rs. 9,625. Recommends that an allowance of Rs. 5,000 a year be made to the Mullik.	Nos. 139—43.

It would appear that the Mullik's losses occurred previous to annexation and were not due to the new customs arrangement introduced since annexation. The Board think that the especial arrangements regarding Kalabagh would be unobjectionable and that, so long as the trade on the Indus is kept free, the people of Kalabagh might continue to pay farm and excise duties to Allyar Khan. Before taking the orders of Government, the Board request that Major Taylor will, in communication with the Mullik and the town people of Kalabagh, arrange a fixed farm and excise duty on such articles as appear unobjectionable and will not interfere with the trade on the Indus. After hearing what income might thus be made up to the Mullik without pressing hardly on the people, the Board will be prepared to propose, for the consideration of Government, such an arrangement as may be deemed expedient. Until final instructions are obtained, they authorize Commissioner's suspending the demand on the Mullik for the revenue he has been in the habit of paying. Delimitation of the customs line boundaries.	With reference to Board's letter No 829, dated the 21st May 1850, asks instructions regarding what may be considered "within the Sutlej customs line," in connection with penalties inflicted on persons introducing salt within the line, without a *rowanah*. Points out that, if 15 miles from the river be considered the line of limit, much hardship will be inflicted on the people by their being obliged to obtain *rowanahs* for every small quantity of salt required by a family or retail dealer. Requests permission to remit all penalties incurred by parties acting in *bonâ fide* ignorance of the limits of the line.	Progs. for the week ending 31st August 1850— Nos. 155—57.

Ditto Limit of 5 miles from the river suggested by the Board.	In reply, states that the Board have recommended to the Commissioner of Customs, North-West Frontier, that the interference of the Customs Officers on the Sutlej line should be limited to 5 miles from the banks of the river. Authorizes Commissioner to arrange with the Deputy Collector that this should be the limit and to give full publicity to the order. Old cases should be disposed of on their merits and by taking into consideration whether the law prohibiting rock salt being brought within 15 miles of the line without a *rowanah* was known to the people. If it was not proclaimed, it should be assumed that they did not know it.

States that Captain Morrison has completed two of the Ilaqas forming the Multan tahsil, and encloses copy of his report regarding his settlement of Turufs Daira and Sooroo Mani. Commissioner also states that he has directed that measurements should be made annually where increments from the action of the rivers have arisen, and that in all such cases linear measurements should be taken from fixed points, such as large trees, wells, &c., so as to give a ready means of ascertaining whether any serious alteration has occurred. In reply, conveys sanction to the summary settlements of Serai Sidhoo, and also of those made by Captain Morrison. If by injuries done to wells during the late war it is meant that they have been filled up, the Board request that an estimate may be prepared for clearing them out, or, if zemindars are able and willing to do the work, they themselves should be given *pattahs* or leases, guaranteeing the land free of assessment, when brought under cultivation by the repair of these wells, until a new settlement.

In reply to Board's letter No. 1649, dated the 22nd September 1850, regrets that an ambiguity in the orders received obliges him to trouble the Board with a reference, before issuing his instructions to District Officers. It is understood from the letter of Government that the village of Malwal is to be continued in jagir to Fateh Din Khan and his co-sharers, and not in proprietary possession only, as suggested by Commissioner and recommended by the Board. 1195	No. 492—1838, dated 13th September 1850. From—The Secretary to the Board of Administration, Punjab. To—The Secretary to the Government of India.	Proposed despatch of treasure to Calcutta instead of to Bombay.	In continuation of the 2nd paragraph of Board's letter, dated the 12th September 1850, in which reference was made to the risk incurred in sending treasure down the Sutlej in native boats to Raj-Ghât, points out advantages of sending treasure to Calcutta rather than to Bombay. Adds that, as long as the exchange between Bombay and Calcutta continues (as at present) *at par*, it would be no great advantage to the Bombay Government to receive remittances from Lahore.	No. 110.

He is taking, each season, as much of the nominal demand as can be easily paid with reference to the state of the season and the extent of cultivation.	Nos. 121—23.

	No. 1857, dated 16th September 1850. From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Jhelum Division.	Ditto	In reply, states that the main reason against the extension of the customs jurisdiction to the Trans-Indus Provinces applies with equal force to the establishment of the proposed line to Bunnoo. The Board are of opinion, therefore, that this plan cannot be adopted. With reference to the proposed line commencing at Attock and extending to the edge of the Dera Ismail Khan district, the Board remark that it would be an incomplete as well as an expensive measure. Some of the political objections to the Bunnoo line are equally applicable to the line under discussion, and the Board are of opinion that a middle course might be adopted, more economical and better suited to the political position of the country. They would suggest that parties should be stationed at each ferry from Attock to Leiah, and that the ferries should also be controlled and watched by rowing parties moving constantly up and down the line. This is the extent of the preventive measures which the Board consider expedient.	
		Reduction of duty suggested.	They are of opinion that it might be expedient, under certain restrictions and conditions, to reduce the tax on salt, sold *bonâ fide* by our own establishments by retail and consumed within the limits of the Sind Sagar Doab, to one rupee per maund, as a check to smuggling. Calls for statistics of salt consumed in the Sind Sagar Doab, and of the consequent loss which would result from the proposed reduction in duty. The Board also wish to be informed of the lowest price at which smuggled Trans-Indus salt could be sold in the country south of the Salt Range on the left bank.	
		Proposed admission of Sambre salt from Bahawalpur.	They have it in contemplation to propose the admission of Sambre salt across the Bahawalpur line, at a duty of one rupee per maund. Commissioner is requested to reconsider the whole subject, as the political and financial objections to the proposed line appear to be cogent. The Board approve of the code of rules, as they now stand, and will have them translated and a few hundred copies struck off for circulation.

Nos. 25-6.
	No. 1859, dated 17th September 1850. From—The Secretary to the Board of Administration, Punjab To—The Commissioner and Superintendent of the Jhelum Division.	Ditto Sher Dil Khan's denial of disloyalty. Allowance to be made to family. Information to be submitted regarding all influential families.	In reply, refers to the vernacular proceeding relative to the discontinuance of the money allowance to Sher Dil Khan in consequence of the production of a letter bearing his seal, addressed to Sirdar Chuttur Singh, from which it seemed that he had been in correspondence with the Sirdar during the war. The Board are disposed to deal leniently with Sher Dil Khan in this matter. He denies having written the letter and refers to Major Nicholson to bear witness to his loyalty. This officer is in Europe, but Sodie Nihal Singh says that Sher Dil Khan was with Major Nicholson at Chillianwala. The Board, therefore, request Commissioner to submit a report regarding this man's family, which has hereditary influence in the district of Pind Dadun Khan, and to see that some allowance is paid to them at once. The Board also wish that a report may be submitted regarding all parties in his Division who possess hereditary influence in it.	
1201	No. 151, dated 7th September 1850 From—The Deputy Commissioner of Dera Ismail Khan. To—The Secretary to the Board of Administration, Punjab.	The Murree and Bahadoor Khail salt mines. 	Nos. 498—1861, dated 17th September 1850. From—The Secretary to the Board of Administration, Punjab. To—The Secretary to the Government of India.	Ditto Scheme of defence proposed.	Forwards a copy of the preceding and remarks that the suggestions appear well worthy of consideration, as an attack on the mines might occur at any time, with no means to oppose nearer than at Kohat. The Board would suggest that an officer be deputed to go all along the border line to Mithankot, to arrange, in communication with the local officers, the points where posts should be formed and towers built.

With reference to Board's letter No. 1473, dated the 31st July 1850, states that all the Nanukshahe and other rupees in the Doab, which are to be forwarded to Bombay, have been collected at Jullundur and will be forwarded as soon as he is informed of the arrival of the steamer at Ferozepore. Ditto	In reply, informs the Commissioner that the remittance of Punjabee rupees, which it is proposed to make from Lahore early next month, will be limited to Rs. 25 lakhs. As that amount is certain to be available for despatch from Lahore independently of the Jullundur collection, it is not absolutely necessary to make any remittance from Jullundur at the present time. It might be advisable to put the Nanukshahe rupees into circulation again, but if Commissioner is satisfied that he will have a sufficiency without them, they can be remitted to Lahore next month.

Nos. 34—8.
	No. 501—1863, dated 17th September 1850. From—The Secretary to the Board of Administration, Punjab. To—The Secretary to the Government of India.	Ditto	Forwards a copy of the preceding and states that the amount proposed as remission and compensation is Rs. 1,580-2-4, which has been already paid by District Officers under a misconception of their power and is now held in the Inefficient Balance of the Ambala treasury. Sanction is also required to the prospective remission of Rs. 134-8-0 per annum from the Government rent roll and to the grant of a pension of Rs. 4-15-0 per annum to Girdharee Dass whose rent-free holding is included in the cantonment.

Progs. for the week ending 21st September 1850—Nos. 41-2.

Ditto	In reply, informs the Commissioner that the despatch of treasure from Lahore to Raj Ghât will probably take place early next month, but that as the remittance is to be limited to 25 lakhs neither the coin collected at Jhang nor at Gojra is likely to form part of the 25 lakhs. 	No. 1867, dated 18th September 1850. From—The Secretary to the Board of Administration, Punjab. To—Major Abbott, Deputy Commissioner of Hazara.	Ditto	With reference to his letter of the 25th August 1849, and subsequent correspondence, regarding the conduct of influential men in Hazara during the late war, forwards a copy of the preceding, and informs him that in each case in which he recommends a grant to a man who is already in possession of a jagir, he should state how long he has been in possession and whether the jagir is hereditary or not. He should give some idea of the man's character and local influence and conduct during the war. Where *sunuds* exist, abstract translations of them should be given, showing the name of donor and donee, the nature of the tenure, and date of grant. The Board are prepared to support his recommendations, if he bases them on sufficient grounds, but the continuance of the sowars instead of a commutation is contrary to the principle which has been followed in other similar cases, and the Board will not further advocate this measure, since it has been objected to by Government Where parties did not formerly enjoy jagirs and Major Abbott proposes new grants in their favour, it will be necessary for him to supply full and specific information regarding their services during the war.

Proposed removal of the dispensary from Kaithal to the Sudder.	With reference to Board's Circular No. 22, dated the 5th April 1850, submits separate statements of Government gardens in the four districts of his Division. Suggests that, as a general rule, the gardens should be sold subject to the land tax, it being left discretionary with the District Officer to depart from the rule in particular cases. In the few cases in which the land is known not to be the property of Government, not only the trees and produce, but the land occupied by the garden, should be sold outright to the highest bidder above the upset price. A uniform rule for determining the upset price should be observed and each garden be put up in a separate lot at 20 times the rent for one year. Forwards a copy of a letter from the Deputy Commissioner of Kaithal, representing that the dispensary has been maintained chiefly from the proceeds of the Government gardens and that the Native Doctor in charge of it has hitherto received a salary of Rs. 25 from Government, but that, in the revised schedule of establishment recently sanctioned, this man's office and salary have not been included. Recommends that, on removal of the Deputy Collector from Kaithal to the Sudder Station, the dispensary be moved there also and that the proceeds of the gardens be relinquished for its support, and solicits permission to retain the services of the Native Doctor at Kaithal for six months at Rs. 25 a month. Mr. Wynyard regrets that the time and labour bestowed on the preparation of the *Dustoor-ool-umul* have been so completely thrown away as to elicit from the Board nothing but complaints of its provisions being objectionable and of the record itself being so complex that it will not work well and will be of no assistance in deciding many disputed points. In reply, states that the Board see nothing in the Settlement Officer's letter to induce them to alter the opinions they have deliberately formed on the subject. They have every respect for that officer's abilities, zeal and knowledge of the duties entrusted to him, but he cannot expect that the Board will lightly give up principles which they have adopted after mature reflection. If the *zemindars* are willing, at any time to pay certain cesses, the *Dustoor-ool-umul* will not prevent their doing so. If they are not willing, the cesses cannot be exacted. 1239	No. 472, dated 4th September 1850 From—The Commissioner and Superintendent of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Village of Dyalpoora claimed by Nabha and Jind. General Ochterlony's proclamation granting rights to protected chiefs.	In reply to Board's letter No. 1540, dated the 8th August 1850, submits vernacular record relating to the village of Dyalpoora, claimed by Nabha and Jind. The Nabha State appears to have had possession about 4 or 5 years antecedent to the extension of British protection to these States, as mentioned in the abstract of proceedings sent with his previous letter. It is inferrible, though perhaps not quite clear, from the same record that Dyal Singh, Bagreeanwala, received these lands from Rai Bukhtiar and founded the village at Dyalpoora, having thus had possession before the Nabha State acquired the territories of Rai Bukhtiar. The Commissioner, therefore, recommended the village to be confirmed to the representative of the Bagreean family, but he overlooked the fact that, in all cases of disputed possession, the status of 1808-09 has been invariably upheld according to General Ochterlony's proclamation of that period, which guaranteed to the protected chiefs their possessions as they then stood, however acquired. 	No. 1971, dated 30th September 1850. From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Cis-Sutlej States. D. 1809, when the States were taken under protection.	
1240	No. 470, dated 3rd September 1850 From—The Commissioner and Superintendent of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Claim advanced by Khan Singh, Attareewala, to the revenue of lands submerged by and recovered from the Sutlej. Deep stream in 1844-45.	With reference to Board's letter No. 1326, dated the 17th July 1850, forwards copy of two letters from the Deputy Commissioner of Ferozepore which, he trusts, will furnish all the information required by the Board to enable them to decide on the claim advanced by Khan Singh, Attareewala, to the revenue of lands submerged by and recovered from the Sutlej. It appears that, from 1844-45 up to the present time, the deep stream has undoubtedly run between Ferozepore and islands and, therefore, according to the local rule, the Sirdar is entitled to receive the whole amount. The villages of Bekervind and Rajoke have never been submerged and are now standing on the right bank. Bara was submerged and a new village of the same name has been formed on the island which is claimed by Sirdar Khan Singh. Ganda singhwala was also destroyed by the river and the villagers removed to another site, more inland, on the right bank, and there founded another village, retaining the old name.	Nos. 3—6.

Submits the claim of Sirdar Khan Singh, Attareewala, to the revenue of certain islands in the Sutlej, opposite Ferozepore, and explains how the right to such lands is determinable by the ancient rule. Requests instructions in the case of the Syads of Ooch, Zillah Jhang. who, under the former Government, had a lease of seven villages in Talooqdaree tenure for Rs. 16,000, Rs. 10,000 of which they paid to Government and retained Rs. 6,000, as their allowance, which was described in Runjeet Singh's *Sunud* as a charitable grant and was subject to a gift of two horses per annum. At the settlement, Mr. Cocks did not specify how they were to collect from the zimindars, nor how the rights of either party were to be defined. Commissioner states that he has directed the Deputy Commissioner to call upon the zimindars to decide whether they will abide by the Lahore schedule or revert to the old system of appraisement (*kunkoot*) until the new settlement takes place and to endeavour to arrange for the liquidation of the arrears in equitable instalments. Gurdit Singh was, at the time of the lapse, subject to Lahore, but he claims to have been at various times treated as a Protected Chief. The line was very indistinctly drawn. One brother has been counted amongst Protected Chiefs and the other among Lahore jagirdars. Under the proclamation of 13th December 1845, Gurdit Singh has acquired as good a title as that of the protected jagirdars.	Progs. for the week ending 12th October 1850— Nos. 15-16.

Claims of Pathans to Zamindari dues termed "*kasur*."	With reference to the order of Government, empowering the local authorities to hear claims of Pathans to zamindari dues termed "*kasur*," the Commissioner requests Board's instructions whether these cases are to be heard at once, in contravention of circular No. 122, dated 30th May 1850, or whether they should be deferred. As regards Commissioner's opinion that these cases should be treated as Talookdari claims, the Board observe that it is not possible to say whether the right claimed is Talookdari or Biswadari. They think it will differ in different tenures, but supposing it to be Talookdari, the settlement will continue with proprietors, but the Talookdari right will be a deduction from their profits, as is the case in the North-Western Provinces. In these cases, the Pathans would not interfere with the village management. The village would pay the Government revenue and the fixed "*kasur*" to the Pathans. Requests the Commissioner to forward the file of proceedings in each case and to inform the Deputy Commissioner that, although it is quite true that a holding without a *Sannad* may be as genuine as a holding with a *Sannad*, it is necessary in such cases that a short abstract of the evidence should be furnished. Where grants made to a father are enjoyed by the son, it is requisite that the date of death of the original grantee should be stated, and it should be borne in mind that brothers and nephews do not, as a rule, succeed to their relations' pensions, nor should adopted children. When a *kardar* has given a *Sannad*, it is often stated that it is given with reference to the orders of the Maharaja, the Darbar, &c., which should be verified. Young men capable of earning their bread should not necessarily succeed on the death of their fathers. These remarks should be communicated to all his District Officers, for their guidance when preparing reports of pensions.

Reports on the claim to Mouzah Adampoor, with the *dakilee* village of Podarpoor, now in the possession of Patiala, which was put forward by Maee Futtoh, mother of Bhaee Runjung Singh, of Jhoomba. States that Runjung being now dead, and succeeded by his half-brother, Zuber Jung, who, with his mother, Sumund Kour, are relations of the Patiala Raja, live at Patiala and make no claim adverse to the Raja. Therefore, although Commissioner considers that the Bhaees have a right to the villages, yet, as they are in Patiala territory and the rightful owner puts forth no claim to independent possession, it seems expedient to waive further claim and to permit the villages to remain a jagir of Patiala at the pleasure of the Raja. States that his predecessor's account showed an income of Rs. 5,914 due to Patiala, besides two jagirs, estimated as *khalsa*, for which credit was to be given, but which he recommended to be confirmed. 1374	No. 585, dated 28th October 1850 ... From—The Commissioner and Superintendent of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Exchanges of villages with Patiala, Rajgarh and Kolaywal.	With reference to his letter No. 584, dated the 28th October 1850, reports on the claim of Patiala to Mauzahs Rajgurh and Kolaywal, isolated in Zillah Ludhiana. The situation of these two villages made it desirable to obtain possession of them and, on enquiry, he found that they had actually been in our possession at one time but were made over to Patiala by Mr. Erskine—a very inconvenient arrangement, considering their situation. The two villages were in the Sadhu territory, and completely isolated from that of Patiala, half belonging to the Sadhus and half to Patiala. Government has succeeded to the rights of the Sadhus, but the Maharaja of Patiala claims the Sadhus' share as having been given by himself, thus wanting to obtain credit for the whole revenue. It being clear that the Sadhus have held half of each village from a period long prior to our time, Commissioner thinks that the claim of Patiala to the Sadhu share should be disallowed and that, in taking possession of the villages, the State should have credit only for its own share. Forwards copies of Mr. Erskine's final proceeding and Captain Larkin's report on the subject.	Progs. for the week ending 30th November 1850—Nos. 14—19.

Final demarcation of the boundary of the Ambala cantonment.	Forwards copy of a letter from Mr. Wynyard, Settlement Officer, with original correspondence, reporting that the final demarcation of the boundary of the Ambala cantonment has been defered by order of the Governor-General, and requesting that, if any alteration of present limits is contemplated, instructions on the subject may be issued without delay. Commissioner remarks that there can be no doubt that, as Mr. Wynyard states, delay in determining the limits of the cantonment will cause considerable trouble, both to him and to the Revenue Surveyor. 	No. 646—2363, dated 2nd December 1850. From—The Secretary to the Board of Administration, Punjab. To—The Secretary to the Government of India.	Ditto	Forwards copy of above correspondence and requests the orders of Government on the subject of fixing the boundaries of the Ambala cantonments by the erection of permanent pillars. With reference to Board's letter No. 866, dated the 27th May 1850, conveying sanction to the sale of Mauza Lulla, Pergannah Fattehgarh, Zilla Ferozepore, for recovery of balances of revenue and general bad character of the lambardars, forwards a copy of a letter from the Deputy Commissioner reporting that, as no sum sufficient to cover the arrears due was offered, the village has been bought on behalf of Government, and requests sanction to strike off the balance of Rs. 460- 3-9 as irrecoverable Commissioner supports the recommendation of the Deputy Commissioner that the village be leased on certain conditions to zamindars of Malewalah in the same pargannah who have lost a great portion of the lands of their own village by diluvion. 1403	No. 591, dated 8th November 1850 From—The Commissioner and Superintendent of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Jagirdars ousted by a *punchayat* from lands owned by them under the Sikh Government. Possession acquired under a former Government to be considered sufficient title.	Asks for a ruling with reference to the case of the zemindars *versus* the jagirdars of Mouza Ayblah, Ilaka Laloo Kheree, in which the latter, by the decision of a *punchayat*, have been ousted from lands acquired by them a long time previous to the introduction of British rule. The lands and wells belonged to people who either died or deserted the village and had long been in possession of the appellants (jagirdars) who were, at the time of the acquisition, protected Sikhs, possessing an acknowledged right to treat the zemindars as they thought fit and to be exempted from having their acts now questioned by our Civil Courts. Interference by the Settlement Officer, therefore, appears illegal, and it is certainly most impolitic. Commissioner states that he would be glad if the Board, on the grounds represented and the general question involved, would lay it down as a rule that such cases should not be entertained or, as stated in Deputy Commissioner Campbell's recorded note, that possession acquired by, or given by, or acquiesced in by the ruling power of former days is a sufficient title, irrespective of the statute of limitations. The inevitable result of referring such cases to arbitration, without any restriction, is a revival of the original antiquated right. The tide is setting strongly against the jagirdars just now, and, therefore, both policy and justice require that we should extend to them, as far as we may, our aid and protection.	Nos. 43—5.

Jagirdars ousted by a *punchayat* from lands owned by them under the Sikh Government.	In reply, states that the Board agree with him on the general principle which he advocates, but think that it would be going too far, even in the Cis-Sutlej States, to rule that possession acquired by, or given or acquiesced in by the ruling power of former days is a sufficient title, irrespective of the statute of limitations, for though the jagirdars of the Cis-Sutlej States had many of the prerogatives of sovereign power, yet they were always more or less amenable to our political courts. No claim should be referred to arbitration until the evidence of the claimant has been carefully recorded and the exact time and circumstances of dispossession elicited. Forwards copy of a letter from the Deputy Commissioner of Leiah, together with a statement of the settlement of certain wells in the Munkaira pergunnah, at an annual *jama* of Rs. 1,529, for 3 years. Singh, detailing the grounds on which these claims have been rejected and the entire estate declared escheat, and reporting on the summary settlement of the *khalsah* villages included in the estates, Commissioner gives his reasons for agreeing with the Deputy Commissioner that the claim of Bassant Singh of Khera, cannot be allowed and states that Bishen Singh's claim is equally untenable on account of the illegitimacy of his father, Sahib Singh, who was the son of Sardar Fateh Singh by a concubine. With reference to the settlement, remarks that the territory comprises 3 Talooquas and contains in all 104 villages, 64 of which are *khalsah* and the remainder jagir. The Government demand according to Captain Larkins' summary settlement is Rs. 54,275-2-1 for the 3 Talooquas. Assuming the accuracy of Captain Larkins' report, there can be no doubt that the claim is invalid, but no mention is made of Bishen Singh's statement having been heard, or that Commissioner is satisfied, from his own enquiries, that the claim cannot be supported. Remarks that, whereas in the Cis-Sutlej States there were no decided rules of inheritance, the fact of a widow having inherited is not in itself a proof of the illegitimacy of the male claimant. 		Claims of Raja Sher Dil Khan.	With reference to Board's letter No. 1859, dated the 17th September 1850, forwards a copy of a letter from the Deputy Commissioner of Jhelum, stating that Raja Sher Dil Khan was in receipt, at the annexation, of an annual income of Rs. 2,300, out of which he had to maintain 10 foot and 3 horsemen; also to support his mother and pay Rs. 100 a year to his half-brother. He is a man of no local influence or authority and, taking into consideration his doubtful conduct during the rebellion and the fact of his income never having exceeded Rs. 1,280, Commissioner thinks that a pension of Rs. 500 per annum, to be divided amongst the family, would be sufficient. States that, in accordance with the Board's direction that some allowance should be paid at once, he has requested the Deputy Commissioner to pay at the above rate, calculating the pensions from the date on which he resumed the larger one. Submits, for Board's orders, an extract from a letter from the Deputy Commissioner of Ludhiana, reporting his having just ascertained that Begum Khanum Furya, one of the widows of Shah Zeman, has been dead for the last 3 years, while Begum Hussain Jan has been improperly drawing on her account Rs. 20 a month, up to September 1850. States that much blame cannot attach to the District officer who is prohibited from preparing a descriptive roll of persons in the position of these ladies, and proposes that Government forego its claim to the money thus wrongfully appropriated, making this the occasion of a warning to the heads of each branch of the family that it is their duty to make known to the District Officer the death of any member who may be in receipt of a Government allowance and that failure will expose them to a penalty or reduction in their allowances. Acknowledges the receipt of Board's letter No. 2245, dated the 11th November 1850, requesting him to prepare a schedule of establishments for the Sutlej customs line. States that, before doing so, it is desirable that he should be informed whether the line should continue an open one for trade or be made strictly preventive; also, whether any line is to be formed on the Indus, joining with the Sutlej at Mithankot, as this would do away with the necessity of continuing the customs arrangements, as at present, to the borders of Sindh. With reference to Board's letter No. 1378, dated the 24th July 1850, submits a further report on the iron mines at Kotekhai, and states that the zemindars themselves, who have hitherto worked the mines, do not put forward any valid claim to their possession. Forwards copies of the leases granted to the zemindars, from which it will be seen that no mention of the mines is made therein. From enquiries made and his knowledge of the people of the district, he is confident that the zamindars will offer no opposition to any party who may take a contract for the mines, should Government determine on farming them, although it cannot be denied that this would be distasteful to the people who have derived very great advantages from working the mines. 1420—*concld*	No. 2421, dated 9th December 1850 From—The Secretary to the Board of Administration, Punjab. To—The Superintendent of Hill States.	Iron mines at Kotekhai.	In reply, remarks that the papers do not, in the Board's opinion, show beyond doubt that the mines belong to Government, nor do they prove the expediency of farming them. It is true that no mention of the mines is made in the leases but it is clear nevertheless that the people have long enjoyed the profit from the mines and that the loss to them would be severely felt, while the gain to Government would be trifling. The Board, therefore, are averse to taking possession of the mines and farming them. When the pergunnah is again assessed, the revenue can be raised if, with reference to the profits of the mines, it is too light. The object of the Board is to develop the resources of the hills and increase the wealth and ameliorate the condition of the people, which object, they conceive, will be best gained by leaving the mines in the hands of the inhabitants and not by making them over to monopolists.	Progs. for the week ending 14th December 1850.—No. 24.

States that, without a correct survey being made, it would not be advisable to spend much money in repairing or deepening the canal, but the zamindars should be encouraged to make such repairs this season as will secure a sufficient supply of water for their cultivation.	Nos. 39—42.
	No. 2427, dated 10th December 1850. From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Leiah Division.	Ditto	In reply, conveys sanction to the advance of a moderate sum to the zemindars, if necessary, to clear out the water-course, under the direction of the Assistant Commissioner, but remarks that no great expense should be incurred until the line of the water-course has been surveyed. Suggests that as the head of the proposed Bari Doab Canal will be in the Kangra district whilst the works a mile lower down will be in Dinanuggur, it would simplify the transaction of business between the Civil and Canal officers if the whole tract between the Ravi and the Beas up to the foot of the hills were included in the Dinanuggur district. 1433—*concld.*	No. 2455, dated 14th December 1850 From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Cis-Sutlej States.	Suggestion that Patwaris should be made to learn Nagree.	States that the Board have ascertained that Moondlee Hindee type is not obtainable at Lahore. They recommend that Mr. Wynyard should circulate among the Patwaris the different books necessary for their instruction in the Deva Nagri character, with a translation of a page of one of them in the Moondlee Hindee. If the Patwaris will not take the trouble, within a reasonable period, to acquire the necessary knowledge of the Deva Nagri, they should be gradually removed and more capable men employed in their place. The Patwaris in the Jullundur Doab are reported by the Settlement Officer to be quite familiar with their duties, and the Board are sanguine that, with a little care and training by the Deputy Collectors, an efficient body of village accountants would be forthcoming in the Cis-Sutlej Division. With reference to Board's docket No. 1677, dated the 27th August 1850, giving cover to the orders of Government on the jagirs held by the Kakur family, forwards an extract from a letter from the Deputy Commissioner of Ludhiana, and copy of its enclosures reporting on the summary settlement of Kishen Singh's resumed share in the jagir which descend to him and his brother, Uttur Singh, and also reporting on the settlement of the village of Dheree, which was released rent-free for the lives of the holders and has now been resumed on the death of Sooba Singh. States that this case calls for the Board's consideration, as the family of the deceased will be in difficulties if no provision is made for them. The conduct, however, of Sooba Singh in having some years ago concealed the death of his father, who was a co-sharer in the village, precludes him from recommending the charitable pension which, under other circumstances, he should have been disposed to do. Commissioner proposes a pension of Rs. 10 per mensem to the widow and Rs. 6 per mensem to the daughter, for their respective lives.	Nos. 35—9.
	No. 682—2471, dated 17th December 1850. From—The Secretary to the Board of Administration, Punjab. 1439	No. 588, dated 6th November 1850 From—The Commissioner and Superintendent of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Proposed refund of Rs. 75 to the zemindars of Mauza Geeheer, Purgannah Thanesar. Commutation of rights and jurisdiction of the Khans.	Forwards copy of a letter from the Deputy Commissioner of Kaithal-Ladwa, requesting sanction to refund 75 Rs. to the zemindars of Mauza Geeheer, Purgannah Thanesar, being the sum realized from them in excess of the yearly *jama* of the Government share in that estate for 1850-51. Explains the case and presumes that it must be sanctioned, if the orders of Messrs. Fraser, Metcalf and Clerk, commuting the rights and jurisdiction of the Khans in Geeheer to a money payment, are to be recognized. Remarks that he can trace no other authority for the arrangement than that conveyed in the above orders which, he conceives, must be acknowledged and confirmed.	Progs. for the week ending 21st December 1850—Nos. 40—44.
	No. 2473, dated 17th December 1850 From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Cis-Sutlej States.	Ditto Important principle involved.	In reply, states that, assuming the reduction of *jama* from 5,000 Rs. to 4,175 Rs. to be just and reasonable, the zemindars are undoubtedly entitled to a refund of 75 Rs., that sum having been taken from them according to the old *jama*, after the reduction had taken place. But before the refund is made, the Board suggest that Commissioner should call for the file of proceedings and satisfy himself of the fairness of the reduction. This should always be done where any considerable portion of the assets of a village belong to a jagirdar, for the latter will usually be dissatisfied at a reduction of the revenue. It is alleged that the Government are bound to pay the jagirdars 4,000 Rs. irrespective of what the village may yield. The respective shares of the jagirdars and Government are not stated, but from the fact that the former revenue was 5,000 Rs. and the jagirdars share was fixed, at 4,000 Rs., it may be concluded that they had 4-5ths. It is now assessed at Rs. 4,175, and the Settlement Officer rules that Government shall receive only 175 Rs. and the jagirdars 4,000 Rs. Under this principle, if the assets fell to 2,000 Rs., Government must make up the deficit to the jagirdars. The Board question the power of Mr. Fraser and Mr Clerk to secure a given revenue to the jagirdars and, as such a grant, if allowed, would form a most inconvenient precedent, they propose to refer the question for the orders of Government after the exact shares of Government and the jagirdars are ascertained and any other information which may throw light on the tenure has been furnished by Commissioner.

In reply to Board's letter of the 30th November 1850, No. 644, regarding general Ventura's jagir and the adjustment of accounts with him for the first four months of the present year, states that, with respect to the question of the amount of the revenue, His Lordship expects an early reply and is of opinion that no further delay should take place in the definite settlement of the revenue of the jagir Concurs with the Board that General Ventura has no claim whatever to the *chaharmee*. The deduction to proprietors on account of proprietory profits, etc., independent of the rent-free portion allowed them as *chaharmees*, should not be acknowledged till their right to the *chaharmee* is finally decided. This decision should be postponed till the Settlement Officer has had an opportunity of confirming the accuracy of Mr. Campbell's statement.	Progs. for the week ending 21st December 1850—No. 46-7.

Accumulation of civil business in the Multan Division caused by orders contained in Circular No. 122 of 30th May 1849.	Draws the attention of the Board to the great accumulation of civil business in consequence of the operation of Circular order No. 122 of the 30th May 1849, regarding claims to shares of villages. When the circular was issued, it was contemplated to send Settlement Officers at an early date, but it now appears probable that many years will elapse before they can reach the districts of his division. Meanwhile, all suits affecting the rights to land are suspended and the advantages contemplated in the circular are counterbalanced by the moral effect of the refusal to administer justice at once. Suggests that such claims be investigated by district officers, but that their decisions be declared liable to revision at the time of settlement and not absolutely binding.	Nos. 10—12.

Also, as to the ability of the District Courts, generally, to grapple with this question before the Settlement Department has recorded its enquiries.

Every publicity should be given to the new arrangements by proclamation, and any rules which may appear necessary for the guidance of the Customs Officers should be drawn up and forwarded for approval. Strict injunctions should be issued prohibiting the manufacture of salt, both in the Multan and Leiah Divisions. The prohibition, with the penalties which attach to the breach of the order, should be embodied in the proclamations, as well as in the set of rules; and the local police should also be instructed to take precautions against the manufacture of alimentary salt. Acknowledges receipt of letter No. 352 of 30th ultimo, communicating the Board's recommendation on the Bhurookee jagir cases and the orders of Government confirming them. Points out that the recommendations differ considerably from his own, and that the result of the case of the Granthis appears to militate against the tenor of the Board's remarks. The result shows Rs. 181-4-0 as demandable from the Garanthis on account of commutation in lieu of service, while the fact is, as brought to notice in his letter No. 398 of 22nd July last, that the Garanthis rendered no service at all. Asks, therefore, whether it was the Board's intention to make the demand or whether Garanthis were inadvertently included in the general recommendation for the levy of commutation from the Sikh jagirdars.	Nos. 34-5.

Observes that the Board was not aware that the sub-division of *biswas* was known in the Punjab. They request further particulars on this subject, as well as the capacity of the *jarib* with which the measurements were effected. The Board do not wish that the areas of villages should be measured except when absolutely necessary, and then only with the consent of the Commissioner. Transfer of the Chand Kurian jagir to Patiala.	Brings to notice the importunity of the Agent of the Patiala State for the schedule of territory to be annexed to the *sanad* which was presented to the Maharaja by the Governor-General in 1847, and Commissioner's inability to prepare and submit it until favoured with a reply to his letter No. 417 of 27th July last, on the subject of Talooqua Chand Kurian. Remarks that, as the adoption of his proposal will necessitate the demarcation and survey of many village boundaries, it is important that some definite instructions should be received before the season for operations in the field shall have passed away and the Revenue Survey establishments are withdrawn. 1551	No. 41, dated 22nd January 1851... From—The Commissioner and Superintendent of the Lahore Division. To—The Secretary to the Board of Administration, Punjab.	Pension promised by Sir F. Currie to Amira and others.	In reply to the Board's letter No. 1268, dated 12th July 1850, calling for further information regarding the pension of Rs. 400 promised by Sir F. Currie to Amira and seven others, forwards copy of a letter from the Deputy Commissioner of Sheikhupura, with vernacular papers, giving the facts of the case, and states that Amira at the time neither fully distributed the *khilats* to his friends who aided him in expelling the adherents of the rebel, Dhara Singh, nor did he inform them of the reward ordered to be given to them, but subsequently claimed the whole himself. Although Amira's conduct deserves that he should lose all that is due to him, yet, from the fact of his being the principal actor when the forts were taken, the Board may sanction his share also, imposing a fine only for the attempt to cheat his brother zamindars.	Progs. for the week ending 1st February 1851— Nos. 78—80.

	No. 75—170, dated 31st January 1851 From—The Secretary to the Board of Administration, Punjab. To—The Secretary to the Government of India. Ditto Reasons for sending to Bombay instead of to Calcutta	With reference to the above, states that the Governor-General, after consulting with the local authorities in Calcutta, has directed that all the dead currency be sent to Bombay, and that the reason for this arrangement is that large remittances have annually to be made from Calcutta to Bombay, at considerable risk and expense, to supply the deficiencies in the revenue of the Presidency.

Nos. 93-4.
	No. 178, dated 31st January 1851... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Multan Division.	Ditto Conditions under which construction of permanent canals by private enterprise is permissible.	With reference to the above, states that the canals referred to above are permanent canals made by the zamindars at their own expense, aided by temporary loans from Government, and that the annual repairs are also effected by the zamindars. The Board do not generally advocate such works (other than inundation cuts and temporary arrangements) being undertaken by the zamindars where there is a possibility of giving the aid of engineering skill at an early period, but, where Government aid and funds cannot be readily applied and the measures proposed do not interfere with prospective schemes, it is expedient that encouragement and aid should be given by the local authorities.

1614	No. 81, dated 5th February 1851 ... From—Major Abbott, Deputy Commissioner. To—The Secretary to the Board of Administration, Punjab.	Inspection of the boundaries between British and Jammu territory. Falsification of boundary marks by State officials.	States that he has closed the inspection of the boundaries between British and Jammu territory, and remarks upon the conduct of the Maharaja's Agents, upon his first demarcation of the line, in having falsified the boundary by throwing down the temporary pillars set up and by building, instead, a masonry landmark in the lands of the British village. Also mentions that the Durbar contractor, Damodar Mal, dishonestly constructed boundary pillars of clay instead of mortar. Major Abbott states that he has issued orders to remedy these deficiencies and has left a small establishment, under an overseer on Rs. 15 per mensem, to expedite the completion of the pillars. In reply, observes that the Ranis, who had quarters in the fort, from which they have been removed by the British Government, have clearly a right to other houses or to house-rent, and so also have the sons of Sher Singh and others. Sanctions the sale of the houses mentioned, but suggests that, as the value of the land and houses will largely increase, the houses had better not be sold in a hurry, or too many lots thrown into the market at once.

	No. 503, dated 16th September 1850. From—The Commissioner and Superintendent of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Claims to share of late Yakub Ali Khan in Maler Kotla estate.	Reports that Yakub Ali Khan, one of the Maler Kotla family, died on the 30th August 1850, without issue, leaving a mother and three wives. Claims have been preferred by each of the three extant branches of the family to share in the estate of the deceased. The Chief claims the whole estate, on the ground that it descended to the deceased from Bhikam Khan (one of the five sons of Jamal Khan), the common ancestor of himself and the deceased. The others claim to participate in the property as having descended from the common ancestor of all, Jamal Khan. The Commissioner submits a genealogical tree and states that, in his opinion, the Chief, Mahbub Ali Khan, is entitled to succeed to the sole possession of Yakub Ali Khan's estate, on condition that he makes a suitable provision for the mother and widows of the deceased.

1637—*concld.*	No. 389, dated 7th March 1851 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Cis-Sutlej States.	Alleged pregnancy of senior widow of Yakub Ali Khan. Allegation to be investigated without infringing Muhammadan rules. Doubtful points in *Dastur-ul-aml.* Future management of the Maler Kotla estate and status of the Chief.	In reply to the above letters, forwards a translation of a petition presented by Bibi Amir-un-Nisa, mother of the deceased, stating that her son's eldest wife, about a month before his death, mentioned that she was with child and that the fact of her pregnancy has been made known to the Rais Mahbub Ali Khan. The Board consider that it is important that the truth or falsehood of this statement should be ascertained, and also whether the pregnancy was made known before her husband's decease, but nothing should be done that could possibly give offence, as it would be better to waive all further enquiry rather than to infringe Muhammadan rules. Asks whether Bhikam Khan, the common ancestor of Yakub Ali Khan and of the Rais, died before or after 1808-09; and calls for certain information with reference to Colonel Mackeson's *Dastur-ul-aml.* Invites Commissioner's opinion as to what should be done for the good management of Maler Kotla. It was the Board's intention that there should be only one ruler in the family, but they will give due weight to Commissioner's opinion, although equally averse to propose to Government either to lower the position of the present Chief or to increase the number of the Chiefships. Compensation for the destruction of crops during siege of Multan.	In reply to Board's letter No. 162, dated 30th January 1851, states that the land injured during the war was measured at the time, by order of Major Edwardes, but the detail of the sort of crops was not entered in the papers then prepared. Commissioner, therefore, assumed the amount of compensation for the destruction of the crops at double the rate of the new assessment on the land per *bigha*, a sum probably under the real value but which would satisfy the claimants. 1672—*concld.*	No. 260—465, dated 20th March 1851. From—The Secretary to the Board of Administration, Punjab. To—The Secretary to the Government of India.	Scheme for the distribution of the waters of the Gaggar and Sarsuti rivers. Proposed appointment of Superintending Civil Engineer to control irrigation and roads.	Forwards a copy of the above, with reference to Government letter No. 1704, dated 28th August 1850. The Board are convinced that no part of the recently acquired territory is more in need of engineering skill than the Cis-Sutlej, and Major Baker's services would be very valuable, but, as they cannot expect Government to give them a second Superintending Civil Engineer and Major Baker's position and claims are above those of an executive officer, the Board hope to be allowed a canal officer of some experience. They are not prepared to support the Commissioner's suggestion that the Cis-Sutlej roads should be taken away from the Military Department.	Progs., for the week ending 22nd March 1851— Nos. 77—9.

1676	No. 65, dated 4th February 1851 ... From—The Commissioner and Superintendent of the Lahore Division. To—The Secretary to the Board of Administration, Punjab.	New system of field measurements.	In reply to Board's letter No. 94, dated 18th January 1851, regarding the new system of field measurements, forwards an original letter from Mr. Davies, Settlement Officer of the Bari Doab, explaining the manner in which he proposes to carry out the zemindari field survey which is to supersede the amin survey. States that, as Commissioner considered the scheme too elaborate and very expensive and thought that it would be slow in operation and would not fully meet the views of the Board and of Government, he in consultation with Messrs. Davies, Greathed, Prinsep and Blyth, of the Settlemen Department, and Lt. Blagrave of the Survey Department, determined on another plan which is fully detailed in Mr. Davies' letter of the 31st January 1851. 	No. 482, dated 25th March 1851 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Lahore Division.	Ditto	With reference to the above letters, states that the Board agree with Commissioner that the scheme for carrying out the zemindari field survey, as originally sketched by Mr. Davies and Mr. Blyth, though highly creditable to those officers was too elaborate. The modificatio made by Commissioner appears to mee the objects in view, and the Board sanction the establishments applied for by Mr. Davies, to enable him to commence operations upon the new plan, and they authorize the adoption of the *ghumao* which has been fixed upon. Forwards a statement showing the capacity of the *ghumao* which has lately been authorized for the Multan Division. The Board see no objection to the measurements being made by the proprietors themselves, superintended by Chaudhris, as proposed, and subject to verification by Government officials. The latter test should on no account be omitted, whether the Settlement Officer is in possession of the scientific returns of the Surveyor or not. Conveys remarks as regards survey operations and establishments. The Board will address the Deputy Surveyor-General on the subject and make a reference to Government regarding the Commissioner's proposal for the survey of the Rechna Doab, but they see many objections to a number of surveys and settlement establishments being set at work.

1680	No. 491, dated 26th March 1851 ... From—The Secretary to the Board of Administration, Punjab. To—The Offg. Deputy Commissioner of Peshawar.	Unsatisfactory state of the revenue collections in the Peshawar Province. The *mawajib* allowances drawn by Arbabs and Maliks.	Invites attention to the unsatisfactory state of the revenue in the Peshawar Province. It appears that for the current year, ending 30th April 1851, there is upwards of 2 lakhs of rupees in balance out of a revenue of less than 9 lakhs, and this result may be due to some of the Tahsildars being inefficient. Suggests reduction of leases held by middlemen and strangers. In making the summary settlement for 3 years, the *mawajib*, or money allowances, enjoyed by the Arbabs of districts and the Malliks of villages should be continued to them, where they pay the full assessment which prevailed under the Sikhs. Where it is found necessary to reduce the assessment, the allowances may be rateably reduced with justice, but to sweep them away at once, as has been done in some cases, is both unjust and impolitic. Requests that accurate lists, showing the names of the different maliks, etc., may be prepared, and conveys general instructions regarding the settlement and recovery of the outstanding balances. The reduced estimate is for constructing the road and metalling it with a substratum, 6 inches thick, of broken bricks and only an upper layer of *kankar*, which will be found sufficiently durable and will reduce the expense to Rs. 10,428. Ditto	Forwards a copy of the above letter, with the estimates, with the remark that, as Colonel Napier is of opinion that the cheaper road will be sufficiently durable, the Board recommend that it be sanctioned, though their own opinion would have been that, as this will be the great thoroughfare, not only with Anarkali but with the city of Lahore, construction with the best materials would in the end be the cheapest.

Impolitic to interfere more than necessary with estates of disfranchised Chiefs.	In reply, states that the Board entirely concur in his opinion. The *Dastur-ul-aml* is to be the guide, and it was not intended to interfere further with the jagirdar. If the jagirdar or the zemindar (in this case they are one) breaks the rules, it is then discretionary with the Commissioner to act as he thinks fit, but the Board deprecate more interference with the estates of disfranchised Chiefs than can be avoided, as the effect must be to alienate them and perhaps make them disloyal, without any really material benefit to the cultivators.

Revision of parganah and tahsil boundaries in the district of Thanesar. Former boundaries of parganahs corresponded with Chiefs' jagirs. Proposed transfer of certain villages from and to Thanesar.	With reference to former correspondence, submits papers connected with the revision of parganah and tahsil boundaries in the Thanesar district where settlement operations are drawing to a close. Explains that the parganah boundaries have been in a great measure arbitrarily determined. Such subdivisions did not formerly exist, as villages separated remotely from each other belonged nominally to the same parganah or taluqa for no other reason than that they formed parts of the jagir of the Chief who gave his own name to the parganah. The district has been divided into three tahsils. Suggests scales of establishment. States that there are three isolated villages of Panipat-Karnal within the limits of the Thanesar district which it would be advisable to transfer to Thanesar. Three villages of the Kunjpura jagir, separated from Thanesar and lying in the neighbourhood of Karnal, might be transferred to the Karnal district.	Nos. 93—100.

1793	No. 154, dated 27th March 1851 ... From—The Commissioner and Superintendent of the Jhelum Division. To—The Secretary to the Board of Administration, Punjab.	Claim of Jowala Sahai against Government for recovery of money allowed on security of confiscated jewelery.	Submits vernacular papers and correspondence in the case of Jowala Sahai who sues Government for the recovery of Rs. 1,700 advanced by him on security of certain gold ornaments afterwards confiscated as being the property of a rebel Explains that the ornaments were given in pawn to Jowala Sahai, a Khatri of Kala, in the Jhelum district, on the 9th January 1849, by a Bedi named Mahtab Singh, who holds a jagir in the Wazirabad district. Shortly afterwards, a proclamation was issued that all parties having in their possession property of rebels should produce it. Jowala Sahai made over the gold, as the property of one whom he regarded as a rebel, to the Tahsildar of the district. Jowala Sahai then brought a suit against the Bedi for the amount of the pawn money, but it was shown that the Bedi pledged the jewels as the agent of Rani Khem Kaur, sister to Gurdit Singh, a noted rebel, and who was herself in the rebel camp at the time. The suit was dismissed, and Jowala Sahai now sues Government for the recovery of the amount. Commissioner considers that not only were the Bedi and Khem Kaur rebels, but that Jowala Sahai knew them to be so, and, on this ground, the claim should be rejected.	Progs. for the week, ending 3rd May 1851. Nos. 40—45.
	No. 435—757, dated 30th April 1851. From—The Secretary to the Board of Administration, Punjab. To—The Secretary to the Government of India.	Ditto	Forwards a copy of the above letter and of its enclosures, with the remark that the President of the Board concurs in the Commissioner's opinion, but Mr. Mansel and Mr. John Lawrence consider that the fact of Jowala Sahai having voluntarily come forward and given up the property, because he believed the pawner to have been connected with the rebels, ought to weigh in his favour and that the claim should be admitted. The circumstance of the Bedi being now in the enjoyment of a jagir under the British Government, was the *primâ facie* proof of his innocence in the view of the Deputy Commissioner, who supposed that the tenure had been enquired into and confirmed. The Board will instruct Captain Becher to investigate the Bedi's right, after enquiry into the particulars of his conduct. In accordance with the opinion of the majority, the Board recommend that Rs 1,700 be restored to Jowala Sahai.	
	No. 758, dated 30th April 1851 ... From—The Secretary to the Board of Administration, Punjab. To—Captain Becher, Deputy Commissioner, on special duty.	Ditto Jagir of Bedi Mahtab Singh in Wazirabad	Forwards the above correspondence, in original, with the request that he will investigate the right of Bedi Mahtab Singh to the jagir of Rs. 2,110, which he holds at present in the Wazirabad district, and that he will give his opinion on the Bedi's conduct during the war of 1848-49. The fact that the Bedi, at a very critical time, received a large sum of money on the pawn of property belonging to noted rebels who were then in the enemy's camp, is important evidence.

In reply to Board's letters Nos. 602, 619 and 659, dated, respectively, the 10th and 14th April 1851, states that Mr. Beavan has misrepresented the circumstances connected with his cutting of timber in the Kasauli hills. 1872	No. 195, dated 7th May 1851 ... From—The Commissioner and Superintendent of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	New Sadar Station at Thanesar. Land in *birs* to be given in exchange. Refusal of Settlement Officer to exempt sites of private bungalows from assessment.	With reference to the correspondence on the subject of the new Sadar Station at Thanesar, states that as the buildings, both public and private, progressed, the space allotted to them was found to be rather confined, and other lands to the extent of 17 *bigas* 11 *biswas* have therefore been taken up, while a piece of ground has been separately marked off for the jail. The Deputy Commissioner proposes to indemnify the holders of these lands with a similar quantity of land from the grass *bir*. The land taken for public purposes will be exempted from assessment, but the Settlement Officer has declined to extend this exemption to the lands appropriated by District Officers for their private dwelling houses, without the sanction of Government. Commissioner considers this objection valid.	Nos. 60—61.
	No. 985, dated 29th May 1851 .. From—The Secretary to the Board of Administration, Punjab. To—The Commissioner and Superintendent of the Cis-Sutlej States.	Ditto Dwelling houses not exempt from assessment. Permission given to sell sites at 25 years' purchase.	In reply, states that there is no reason why land occupied for private dwelling houses should be exempted from assessment. If the land is uncultivated, but culturable, the Settlement Officer should exercise his discretion. The principle which is applied to gardens may be applied to houses: they may be left untaxed (but on that account are not granted rent-free for ever), so long as they are not appropriate for cultivation. If the party building is desirous of improving his property, a sale of 25 years' purchase at the net rent might be arranged and submitted for sanction.

	No. 573-992, dated 29th May 1851 From—The Secretary to the Board of Administration, Punjab. To—The Secretary to the Government of India.	Ditto Money pensions preferable to exchanges of land with jagirdars.	Forwards a copy of the above letter, with its enclosures in orginal, with the remark that the amount of compensation is large, but it seems to have been estimated in a careful and cautious manner. Although there are one or two points on which the Board propose to obtain further information, they think that payment should not be deferred, as delay involves great hardship, and they recommend, therefore, that the full amount of Rs. 37,829 be sanctioned. Pending further information, the Board suspend their sanction to Commissioner's proposal to give land in exchange for that taken from the jagirdars. It would probably be preferable to give money pensions on account of the land relinquished.

It was intended by the Board to confirm the occupant or occupants of Raota in what they actually held, that is ⅓rd and not ⅔rds of the village, and the Commissioner's remarks led the Board to suppose that more than one person held the lands and, therefore, the plural was used in their recommendation, but if Sampuran Singh only held the lands, he and his male issue will continue to enjoy them.

Proprietary right in a 3rd share of the village of Bharn Majara, Jullundur district.	Solicits a modification of the Government orders in regard to the proprietary right in a third share of the village of Bharn Majara, in the Jullundur district, and explains that the share was held by four brothers, who also held the villages of Kaleran and Gidani. Darbara Singh is the head of family, and the Government orders, as regards the villages, maintain the grant in the name of the four brothers, but, as regards the share, maintain it only in the name of Darbara Singh. This difference was due to Darbara Singh's name having been recorded by the Deputy Commissioner as the sole incumbent. The brothers continued to hold the share in common and, on the death of one of them in 1849, one-fourth of the share was held to have lapsed. Recommends that the existing state of things be upheld, that is, that the ¼th of the share be held to have lapsed and that the three remaining brothers be continued in their shares of ¼th each for life. As it would be satisfactory to have it ascertained whether the rate was Re. 0-8-0 or not, the Board request Commissioner to report again. General instructions for guidance of Settlement Officers	In reply, states that the preserves which are declared Government property should be divided into lots under the rules contained in Circular No. 40, dated the 29th June 1850, and lands that belong to Government should be gradually granted in free gift to parties sinking wells, one to 100 acres. Care should be taken in assessing such lands, as hard clay upland rent-free for several years would be a bad bargain, while *kudur* or *chumb* lands would be eagerly sought for at high rates, the first or second year. When a Settlement Officer apportions off a Government *rakh* (grass preserve), the sanction of both the Commissioner and the Board should be obtained before the arrangement can be considered complete; and, in all such cases, the Settlement Officer should submit a brief statement of the leases, showing the persons to whom the land has been granted and the terms. Points out that *rakhs* within 10 *coss* or 15 miles of Lahore have been ordered to be set apart for military purposes and are on no account to be touched. As regards the disposal of proprietary claims, the Board approve of the preferential right in favour of the zamindars of neighbouring villages and, after them, of monied men who may be anxious to invest their capital in the improvement of lands.	Progs. for the week ending 1st May 1852.— Nos. 103-07.

In reply to his letter, dated the 30th December 1851, forwarding a petition from Rissaldar Bishan Singh, claiming Rs. 209-14 0 as the balance due to him on a jagir confiscated after annexation, requests the Brigadier to inform the Rissaldar that his claim has been ignored by the Board, on the ground that the amonnt was raised from land which never belonged to the Rissaldar, the demand having been collected from the *Rabi* of 1849 (at a time when the village of Tumboopura was held in jagir by Jawahir Singh) and, therefore, for a period antecedent to the grant made to him. 2793	No. 1483, dated 12th May 1852 ... From—The Secretary to the Board of Administration, Punjab To—The Commissioner of the Leiah Division.	Revenue administration of the Leiah Division. Over-assessment in Dera Ghazi Khan. General instructions.	Informs the Commissioner that the President, on his late tour through Dera Ghazi Khan, was satisfied of the truth of the complaints made to him in regard to the unequal and excessive assessment of the land revenue there. Although various circulars have been issued by the Board relative to the necessity for Commissioners to look well to the revenue administration of the country and to the making of reductions where such are necessary, they are nevertheless still in the dark as to what has been done, or whether *anything* has been done in the Derajat, consequent on those instructions Directs him, for the present, to suspend such portions of the revenue as he, in concurrence with the Deputy Commissioner, may consider advisable and necessary, and to make an entirely new, light and equable settlement of the district from the next *kharif*. Gives detailed instructions as to the course to be adopted by Commissioner when talnqas or pargamahs are unable to pay their assessment consequent on any calamity of the season. Requests him to furnish, in a form prescribed, a bi-monthly report for all districts of his Division in which settlements are going on, and directs him, in sending up such reports, to furnish. in a tabular statement, the prices of staple produce for six years. To—The Commissioner of the Pesha-	Complaints against the Deputy Commissioner of Hazara made by zemindars of three villages. Objections to farming out villages. Major Abbott's action considered unjust and illegal.	Informs the Commissioner that the zemindars of three villages in Hazara, having come before the Board, complained that the Deputy Commissioner had made over their villages to farmers, instead of permitting them to engage for them themselves. Instructs Commissioner to call on Major Abbott for an explanation, as these arrangements are considered by the Board very objectionable, inasmuch as it is of but little use to give Hazara a light assessment if the profits are to go to the stranger and not to the owners of the soil. The Board consider it not only inexpedient and unwise to farm to individuals at the expense of village communities, but also unjust and illegal to do so. Requests him to call on Major Abbott to revise his proceedings.	No. 82.

Elliot's letter No. 239, dated the 17th January 1852, calling for the information required by the Court of Directors as to the principle whereon the allowances granted to Makhdum Shaikh Muhammad, in lieu of revenue, were limited to the life of the incumbent, forwards a copy of correspondence, and states that, with the exception of the statement of the Deputy Commissioner of Khangarh, there is no further evidence to shew that the Makhdum enjoyed grants in Sitpur earlier than the time of the Bahawalpur Khan and Sawan Mull. Intimates, however, that there is reason to believe, from the testimony of the people in the neighbourhood, that the grants are of a more ancient date than was at first supposed, and, with reference to the unquestionable influence possessed by the family, together with their religious character and reputed sanctity, the Board recommend that one-half of the sum granted to the Makhdum, or Rs. 162 per annum, be allowed to descend to his heirs male, in perpetuity, the eldest son only in each generation enjoying it. 	No. 1511, dated 14th May 1852 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Lahore Division.	Ditto Rules explained. The Syed's claim rejected.	In reply, states that the Board consider correct his intrepretation of the rules and principles on which the proprietary right in lands held rent-free should be decided. With reference to passages quoted by the Settlement Officer, observes that paragraph 259 of Circular No. 5, dated the 16th January 1850, distinctly states that the settlement shall be made with the muafidar in the event of his being "cultivator or proprietor" or "if he has sunk wells in the land," thus clearly implying that, where he has not laid out capital, or where he does not occupy the land, he has no such claim to consideration. It is further explained, in the same paragraph, how the muafidar should be charged as proprietor and in what manner as hereditary cultivator, and though it is also stated that, if he have paid no *malikana*, he should be liable to none, yet this was only intended to apply when, in consequence of the peculiarity of the tenure and because of any capital expended on it, the muafidar had been held to be the proprietor or hereditary cultivator. In the case, however, of the Syed of Butala, this individual does not appear to have any such claims, and the Board, therefore, have upheld Commissioner's decision.

It is mentioned in the papers submitted in the case, that he (Commissioner) directed an enquiry to be privately made at the time the birth was reported. Requests him to state his opinion of the result of that enquiry, inasmuch as positive evidence being unobtainable in the matter, the case must be decided by an estimate of probabilities.

Ditto Difficulties of cultivation in Kythal and similar tracts. Water and population necessary. Sinking of wells to create proprietary rights.	In reply, states that the Board find great difficulty in dealing with the question and are at a loss for an arrangement which would bring these lands under cultivation. In tracts such as these waste lands of Kythal, water and population appear to the Board to be the two essentials to improvement, for with these capital will be created and accumulated from the results of labour. Nothing, however, would bring the Kythal uplands under cultivation except a canal, and that only in the progress of time. Directs him, therefore, to lease out these sites on the terms proposed by him in his letter. The Board object to any penalties being attached to default, as they doubt the policy of the measure, but they would direct that the sinking of a single pucka well in every 300 pucka *bighas* shall be held to create a complete proprietary right.

Division of mauzah Awan by the river Ravi, part being in Lahore and part in Sheikhupura. Treated by Sikh Government as two villages. Land on both sides leased to one person after annexation. Cancellation of lease recommended.	Submits a copy of correspondence concerning mauzah Awan, which, divided by the river Ravi, lies partly in the jurisdiction of Lahore and partly in that of Sheikhupura. Explains that at one time these two tracts formed one estate, but, being separated by the river, they were considered by the Sikhs as two distinct villages (both retaining the name of Awan), the tract on the Lahore side being held in jagir by a person named Juggut, and the tract across the Ravi by Raja Lall Singh. Shortly after annexation, the zemindars petitioned Mr. Bowring to lease the lands on both sides of the river to Dittoo Shah, which was done, but Dittoo Shah did not succeed in collecting his rents. The accounts have become embarrassed and require to be set right, and Dittoo Shah is anxious to throw up his lease. States that the officiating Deputy Commissioner desires to hold Dittoo Shah to his bargain, as the lease shows that the term shall run "till a new settlement." Points out that the contract was for lands on both sides of the river and that Dittoo Shah has been entirely confined to one. Recommends that, as the condition on the part of Government has not been fulfilled, his lease be cancelled.	Nos. 155—58.

Ditto	In reply, communicates the Board's remarks on the case, and states that from the evidence of the zemindars and muafidars, they have no doubt that 50 *ghumaos* have been held rent-free in Badlahar, and they, therefore, sanction the release of 50 *ghumaos* or whatever land, by the late measurement, is actually held there. But they disallow the claim to the remainder rent-free. As the muafidars cultivate, they should have a lease at reduced rates.	
2883	No. 253, dated 26th April 1852 ... From—The Commissioner of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Refund of Rs. 129 to Mussammat Dysan.	Requests sanction to the refund of Rs. 129 to Mussammat Dysan on account of collections for 1847-48, 1848-49 and 1849-50, at Rs. 43 yearly, from the muafi tenure held by her and now resumed. 	No. 327, dated 20th May 1852 ... From—The Commissioner of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Ditto Conditions of grant held by Mussammat Dysan.	In reply to Board's letter No. 1439, dated the 8th May 1852, states that Mussammat Dysan's land was granted originally by the Sardarni Raj Kaur to Khizan Singh, her nephew. Mussammat Dysan has no right whatever of succession. Commissioner thinks that it is more consonant with practice to bestow a pension in money on those who have any claim on the bounty of Government, than to grant land rent-free, for which reason the former was recommended in preference to the release of the lands, which had, in effect, been resumed by the Alu State.	
	No. 1871, dated 14th June 1852 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Cis-Sutlej States.	Ditto	In reply, states that the Board do not see that Mussammat Dysan is entitled to the refund, because she was not in possession of the lands rent-free for a considerable period antecedent to the investigation into her claim. They observe, in Commissioner's letter of the 20th May 1852, that the lands had been resumed by the Alu State, and were only continued by the *kardar* to the claimant's mother at low rates; and they ask for an explanation on this point. They also wish to know when the grant was resumed, and on what date Khizan Singh died: whether Mussammat Dysan ever held the muafi, and if so, during what period.

Forwards vernacular proceedings and file concerning 95 *ghumaos* of land in the village of Argowal, of Garh Diwala parganah, held by Ganga Das, Mahant, and containing further depositions recorded by Mr. Melville. The original *sanad* of the Ramgarhia Sardars not being forthcoming, the incumbent states that it has been lost, but Commissioner thinks it probable it may have been withdrawn when the fresh *sanad* of Runjit Singh was given, such having been a common practice. Commissioner does not doubt that the proceeds are, and have been for a long time past, applied to keep up a temple which is also used as a hospice for travellers. States that wherever a mahant is named in a grant, Commissioner regards it as meaning that the institution over which he presides is intended, and that, in the estimation of the community, the assumption that the grant was a personal one would not be admitted. This arrangement, if he likes, should have effect from the beginning of next year, he being allowed, in the interval, the difference between Lalpur at its original and present valuation, though, if he prefers keeping the Multan wells, those of Khangarh should be re-valued, and as many of the latter made over to him as will make up the amount to Rs. 4,000. Adjustment of Government revenue on all lands liable to inundation.	In reply, informs the Commissioner that the Board agree with him in the view he has taken of the subject. They would make the land within the flood mark a separate *mahal*, in cases where the quantity may be sufficient to justify such an arrangement. Adds that, in that case, it will only be necessary to take a *darkhast* early in the cold season for the old *jama*. Remarks, with reference to the 2nd proposition, that however consonant with justice the measure may be, there would be great difficulties to contend with in carrying it out. The amount for 1852-53 will be only half that sum, the zemindars having had the proceeds of the *Rabi* or spring harvest. Suggests also that pensions be granted to the muafidars for loss of revenue, conditional on the result of the investigation into their claims, but recommends that for 1852-53, they be allowed Rs. 38-2-6, and for future years Rs. 76-5-0 annually.

Proposed pension for Sumpurun Singh, son of Sardar Arjan Singh.	Solicits Government sanction to a pension of Rs. 8 per month to Sumpurun Singh, son of Sardar Arjan Singh, a lad of five years of age, whose name was inadvertently omitted when the claims of his uncle and brother were reported on. 3122	No. 543, dated 14th August 1852... From—The Commissioner of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Rent-free holding of Mussammat Daisan.	In reply to Board's letter No. 1871, dated the 14th June 1852, states that the rent-free holding of Mussammat Daisan was resumed originally on the 9th December 1847. Khazan Singh, her husband, died about 40 years ago, and it appears from the depositions of the zamindars of Lukhnowra that the land was in possession of Suroopa, Rupa and Mâna, brothers of Khazan Singh, and of his widow, Daisan, so that it appears she was actually in possession of the land at the time of resumption. The error arose from the ambiguity of Mr. Wynyard's report.	Nos. 53—6.

3122—*concld.*	No. 907-2880, dated 7th September 1852 From—The Secretary to the Board of Administration, Punjab. To—The Officiating Secretary to the Government of India.	Rent-free holding of Mussammat Daisan.	With reference to his letter No. 1184, dated the 23rd April 1852, forwards a copy of the preceding and states that the jagirdar died about 40 years ago. The grant was "rent-free for a maintenance," which implies that it was only a life grant. It was resumed by the Ahluwala State on the death of the grantee, but the widow continued in possession, paying a low rate. She had no valid title and the land was, therefore, assessed by the Settlement Officer and a pension granted to the widow. Solicits also the sanction of Government to a refund to Mussammat Daisan of Rs. 129, being the amount of collections from her land for the years between the date of her dispossession and that of her receiving a pension. 3123	No. 5-7, dated 12th August 1852 ... From—The Commissioner of the Cis-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Confiscation by the Singpuria Sardar of Kant Singh's villages of Fattehpur and Muthoul.	With reference to the confiscation, by the Singpuria Sardars, of Kant Singh's villages of Fattehpur and Muthoul and to the instructions of the Board (confirmed by Government) that these villages, having been restored by the late Major Mills to Kant Singh, were to remain in possession of his son, Surmukh Singh, who was directed, however, to pay a fine of Rs. 1,000 for his father's contumacy to the Sardars, the elder branch of his family, states that Surmukh Singh has now preferred a claim to the revenues collected by the Singpuria Sardars from those villages while under attachment. Remarks that, if the Board consider the confiscation unwarrantable, the applicant would seem to be entitled to the money claimed, but if the Board think that the Sardars acted fairly in first sequestrating and then reporting the measure to Sir G. Clerk, then they must be absolved from the heavy claim now advanced, *viz.*, Rs. 11,600. Solicits the Board's instructions in the matter.	Nos. 57-8.
	No. 2881, dated 7th September 1852 From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Cis-Sutlej States.	Ditto	In reply, informs the Commissioner that the Board cannot countenance such a claim as the refund demanded by the son of Sardar Kant Singh. It was shown in the proceedings that the villages were held by the Sardar with the consent of the British Agent, and the Board, in maintaining the possession of Khan Singh (notwithstanding the opinion of the Agent), proceeded to the utmost bounds that their authority and their views of justice permitted.

Fee exacted at the Kutchu tahsil, Leiah district, from salt merchants on money paid in. Purchase money payable at any headquarters treasury.	Forwards a vernacular proceeding regarding a demand exacted at the Kutchu tahsil, in the Leiah district, from salt merchants as remuneration for examining the money which is paid into that tahsil on account of purchases of salt. Remarks that the charge ought to be prohibited while there is a *photedar* maintained for this express purpose. Although the Board's order that purchase money for salt is receivable in any district where the merchants may choose to pay, it means that it is receivable in the Deputy Commissioners' treasuries (and there alone), yet, since March 1850, payments have been made at the Kutchu tahsildari, the merchants having complained of the inconvenience and danger of carrying money from Kalabagh to Shahpur, the nearest Deputy Commissioner's treasury.	Nos. 70—72.
	No. 2888, dated 7th September 1852 From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Jhelum Division.	Ditto	In reply, informs the Commissioner that, independent of convenience to the merchants, it is a benefit to Government to receive money in the Leiah Division, as the Board have to remit largely to the Trans-Indus treasuries from Shahpur. The practice of paying in money at Kutchu should, therefore, be continued and the merchants protected from the cupidity of the native officials. As regards the practice of demanding two annas on every hundred rupees as a fee to the *photdar*, the Board direct that it be put a stop to at once. Requests that he will direct the Collector of Customs to be cautious in seeing that no hindrances are thrown in the way of the merchants in consequence of the discontinuance of the fee.	
	No. 2889, dated 7th September 1852 From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Leiah Division.	Ditto	Forwards a copy of the preceding and requests him to call on the Deputy Commissioner of Leiah to state the grounds on which he advocates such a practice as that of paying a fee of two annas on each Rs. 100 to the *photedar*. Directs the immediate abolition of the abuse. Requests him to see that the stoppage of the fee makes no difference in the facilities afforded to the merchants at present.

Steps proposed to encourage nomads to settle. Separate assessment of pasture and cultivated land. Percentage for *tirneegoozars*, &c.	In reply, informs the Commissioner that the Board accede to the views of the Deputy Commissioner of Jhang as regards the revival of the old system of collecting the *tirnee* dues (through the *tirneegoozars*) leviable on herds of camels, &c., whose owners may object to locate themselves, or engage to pay an annual revenue for allotments of land. But in the event of these persons being willing to engage separately, the Board consider it good policy to encourage them to do so. To induce these people to give up their migratory habits and to become industrious and useful, it is, in the first instance, necessary to improve their present condition and to induce them to become landed proprietors to a certain extent. The Board do not see the advantage of separately assessing cultivation and pasture lands of the same village, but if the *malgoozars* so wish, the Board have no objection to the plan, provided only that the mode in which the revenue is collected is fully recorded. They also agree to a deduction of 10 per cent. to cover the allowances of the *tirneegoozars*, accountants, &c.

Compensation to be paid by local officers at Thanesar for lands occupied for private purposes.	With reference to Board's letter No. 2884, dated the 7th September 1852, relative to the amount of compensation to be paid by the local officers at Thanesar on account of lands occupied for private purposes, the Commissioner remarks that the Board seem to have overlooked the fact that Government are proprietors as well as receivers of the revenues of the lands thus occupied, and that, therefore, the parties to any arrangement of the nature indicated in paragraph 2 of the letter under reply must be the occupants of the land on the one hand and the Government proprietor on the other. Enquires whether the error as to names of present "holders" is to affect those who were actually in possession at the date on which the Government orders on the village were issued. Requests instructions also as to how the orders conceding certain privileges to "present incumbents" are to be construed, whether the privilege is to cease as each dies, or its withdrawal is to be postponed till all have ceased to exist. Ditto	In reply, states that the Board consider that the Deputy Commissioner has evinced energy and ability in the manner in which he has conducted the settlement and request the Commissioner to convey their thanks to that officer for his service. Sanctions the proposed assessments, as they appear to be fair and reasonable, and requests him to see that the village patwaris prepare clear and simple *khewats* of the *jama* of every village and that a careful supervision is introduced, as mor villages are broken down by internal mismanagement than by over-assessment. Bridge over ravine between Rawalpindi city and new civil lines.	In reply to letter No. 3219, dated the 15th October 1852, states that he considers the construction of a masonry bridge across the ravine (the Murree nullah), on the road between the new civil lines and the town of Rawalpindi, very necessary.	Nos. 34½-35.
	No. 1069—3320, dated 27th October 1852. From—The Secretary to the Board of Administration, Punjab. To—The Officiating Secretary to the Government of India.	Ditto	Transmits copy of the above letter, and one from the Commissioner, Jhelum Division, submitting an application from the Deputy Commissioner of Rawalpindi, for permission to expend Rs. 3,623-7-3 on the construction of the bridge. The difference between the amount originally sanctioned, *viz.*, Rs. 750 and that now specified is accounted for by the fact of Lieutenant Hart having calculated merely the lowest amount for which a passage might be made across the ravine, not considering the road as one upon which there would be considerable traffic. Recommends that the expenditure be sanctioned, as it will be seen that the direction which has been given to the new Peshawar road makes the line crossing the ravine one of great importance.	
3253	No. 510, dated 4th October 1852 ... From—The Commissioner of the Leiah Division. To—The Secretary to the Board of Administration, Punjab.	Maladmimistration in Leiah district.	In reply to letter No. 2972, dated 14th September 1852, submits copy of a letter from the Deputy Commissioner of Leiah, stating his reasons for having demanded security from certain lambardars of Phukra, tahsil Dhurya Khan, and confining them on default.	Nos. 36—8.
	No. 3321, dated 27th October 1852 From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Leiah Division.	Ditto	In reply, states that the Deputy Comissioner's defence is very unsatisfactory. If the statement of these lambardars is correct (that they pay more then their just quota of revenue), the Deputy Commissioner should have given them a fair hearing, because it is clear that, until a fair distribution is effected, the parties were unjustly taxed. Remarks, with reference to the last past paragraph of the Deputy Commissioner's letter, that it is very possible that much mismanagement may exist in a district, notwithstanding that, from a variety of causes, the bulk of the people are improving. The repeated complaints from Leiah force the conviction on the Board that there are good grounds for the discontent which appears to exist there.

With reference to the jagir in pergunah Tarn Taran, which belongs to the Ranis of the deceased Rajah, states that, by the death of two and the misconduct of a third Rani, half the village has lapsed to Government, and proposes that the whole be resumed, as the cash allowances granted to these ladies are, in themselves, sufficiently liberal. 	No. 3513, dated 17th November 1852. From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Jhelum Division.	Ditto	In reply, informs the Commissioner that if, by giving the road a curve the tomb would not be disturbed, Lieutenant Taylor ought to state what would be the expense incurred in doing so, but, if in his opinion, there is no alternative between encroaching on the tomb or abandoning the line altogether, this ground should be cut through, but this shou'd be done with all due reverence and care.

	No. 3518, dated 17th November 1852. From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Cis-Sutlej States.	Ditto One year fixed.	In reply, states that, after full consideration, the Board are of opinion that it is expedient that the period of limitation should not be less than a year, as cases may occur where parties are not able to bring their complaints within three months, or where, from the nature of the crop last grown, it may be difficult for them to prove, within three months, that possession ceased, and in such cases it would be hard to force a tenant into the Civil Court.	
3297	No. 1152—5519, dated 18th November 1852. From—The Secretary to the Board of Administration, Punjab. To—The Officiating Secretary to the Government of India. 	No. 3528, dated 18th November 1852. From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Leiah Division.	Ditto	In reply, conveys sanction to the settlement for three years, at an assessment of Rs. 37,336. Remarks that, inasmuch as the present assessment is less than the former by 18 per cent., it is nothing but just that the *inam* payable to Guldad Khan and his uncle Ali Khan should be reduced rateably with the assessment, so that Government and the chiefs may bear the loss in equal proportions. Calls his attention to the fact that no arrangements have been made in the district to ensure the appointment of efficient and intelligent patwaris and the preparation of correct accounts of each harvest. It is thus that valuable data for future assessments can be obtained, the want of which renders Mr. Simson's memo. of little value.

In reply to Board's letter No. 1034, dated the 15th October 1852, states that the Governor-General does not think that the fact of Mussammat Rattan Kour not having appeared for four years to claim her pension has been satisfactorily accounted for, and His Lordship in Council declines sanctioning a continuance of her pension, without much better proof of her identity. Draft Act for revision of excise arrangements in cantonments.	Forwards copies of letters from Commissioners, Multan and Cis-Sutlej States, and remarks that the objection made by Mr. Edmonstone relative to camp followers and sutlers is correct, inasmuch as these are the very people who are likely by stealth to aid the European soldiery in obtaining liquor. Suggests a modification of the Act in which there should be no exemption in favour of such persons. Adds that it would be desirable that the respective authority of the commanding officer in cantonments and that of the Commissioner should be clearly defined, as the position at present of the latter is most anomalous. Recommends also that beer be brought under the provisions of the Act as, at present, the retailers of beer are beyond the pale of the excise laws. Explains the difference between the amount of the collections and the amount of the assessment, showing a large balance. Suggests that, as some portion of the Government demand has been suspended generally throughout the district on account of the drought, the indulgence ought to be extended to these villages, especially as the proprietors were not under actual engagement and cannot be held responsible for arrears arising from shortcomings of the crops. Recommends, therefore, that the balances shown in the statement be written off.	Nos. 75—8.

Explain the case, and adds that Captain Hollings having protested against their decision, and having appealed to the Governor-General in Council, the correspondence is now laid before His Lordship. The Board admit the zeal and ability of Captain Hollings, but remark that he is neither an able nor even an efficient administrator. The Board were so deeply impressed with the necessity for a change in the administration of Leiah that they had it in contemplation to transfer Captain Hollings to Shahpur, but that officer having shown a pertinacious adherence to his protest, and a determination not to defer in the least degree to the opinions of the Board, they recommend that he be removed altogether from the Punjab. The Board agree in deprecating the subletting of villages, but when zemindars will not accept of a reasonable *jama*, there is nothing for it but to farm it or hold the village under *kham* management, a system which does not work well, either for Government or the jagirdar. Ditto General principles approved Finding of the panchayat in case under consideration. In the case of the claim to the lands which constitute the new mauza of Chuk Punniar, they remark that the decision of the Deputy Commissioner is just, and that Mohkum and Mauladad have no reasonable grounds for complaint. The Board further remark that the panchayat have declared the right of property in Chuk Punniar to belong to Jwehya, but no allusion is made to any co-sharers, from which the Board infer that there are none, but this decision should not prejudice the rights of such sharers should any come forward and prove their title at the time of the revised settlement.

With reference to the reduction proposed by the Board in May 1852, and sanctioned by Government, in the pension of Muhammad Khan, informs the Government of India that the Board, from the data then before them, did not consider that the man had made out so strong a case as to entitle him to an allowance of Rs. 900 a year; but, in consequence of enquiries instituted on a petition from the Khan, his family claims former influence and possessions have been completely established and attested by various *Sanads* and *Parwanas* of former rulers. 3396	No 1075, dated 15th December 1852 From—The Commissioner of the Lahore Division. To—The Secretary to the Board of Administration, Punjab.	Jagir held by Rajputs of Kotla, Kangra district.	Brings to the notice of the Board the hardship of the case of certain Rajput jagirdars, descendants and representatives of the former governors of the fort of Kotla, half way between Nurpur and Kangra. The e Rajputs received, for life only, in 1846, estates now valued at Rs. 2,750 in lieu of a jagir of Rs. 10,000 at Murthal, a place at the head of the Bari Doab, but close to the hills, which was included within the line of the British boundary in 1846. Up to that time, these Rajputs had held Murthal, but when the boundary line was defined after the cession of the Jullundur Doab, it was considered expedient to include Murthal as British and the Sikh jats were asked to give a jagir in lieu thereof in Sikh territory. Hence the jagir which the Rajputs now hold was granted to them. Commissioner recommends that the tenure be allowed in perpetivity, and further, that the Rajputs be allowed to exchange their present villages for a portion of the Murthal estate on which spot they have built substantial houses and planted gardens at a cost of many thousands of rupees.	Progs. for the week ending 31st December 1852—Nos. 16-17.
	No. 3963, dated 27th December 1852 From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Lahore Division.	Ditto	In reply, states that the Board regret that they cannot reopen the case, as they do not see the special claim that these Rajputs have to any jagir in perpetuity. There are numerous other cases in the Punjab which need only an able advocate to be shown as cases of at least equal hardship, and the Board consider it would be very inconvenient to take up such claims.

	No. 4003, dated 29th December 1852 From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Lahore Division.	Ditto	In reply, states that the Board do not see any sufficient reason for putting the Government to such a sacrifice of revenue as would be the result of their agreeing to Commissioner's arrangements, but they are willing to give the Raja a 20 years' lease, on his agreeing to pay a revenue of Rs. 1,900 per annum for the whole period of the lease. They are of opinion that his expenses in settling these lands will be trifling, and with the near prospect of the opening of the new canal, he will not sink wells beyond what are required for drinking purposes. If the Raja accepts the terms, the Board would grant him the zemindari of all the lands except those that are reclaimed and occupied by the present tenants. Should the Raja refuse, the lands should be made over to the proprietors of the adjoining village, who cultivate and graze in them, on fair terms.

The sole surviving son of the late Rai Thakur Singh, of Rupi in Kulu. Pension of Rs 5,000 proposed.	Submits the Kangra Deputy Commissioner's final report with regard to the sole surviving son of the late Rai Thakur Singh of Rupi, in Kulu. Adds that, though the boy is illegitimate and whatever may be conceded to him will be only as an act of grace, yet recommends that he be treated with much consideration and liberality, as the only remaining representative of a long line of chiefs formerly more or less independent. Proposes a pension of Rs. 5,000 per annum, with a view to the maintenance in some degree of comfort and respectability of the numerous household left by the late Chief.	Progs. for the week ending 8th January 1853— Nos. 124—26.
	No. 73, dated 7th January 1853 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Trans-Sutlej States.	Ditto Question of his legitimacy.	In reply, observes that the terms on which the Government will deal with this case depend on the legitimacy or otherwise of the boy, Gyan Singh. Requests the Commissioner to direct the Deputy Commissioner to ascretain this fact, as the illegitimacy of the lad does not appear to the Board to have been clearly proved. His mother appears to have come of a respectable Rajput family, and it is not likely that she would have been given away except in honourable marriage. If the boy is proved to be legitimate, the jagir should be released to him on the terms of the original grant, but if he be otherwise, the Board agree to maintain half of the jagir to Gyan Singh and to give money pensions to the widows of the late chief. Direc's him to furnish a roll showing the names and ages of the concubines of the chief, to whom the Board will give small gratuities and then dismiss them to their homes.

	No. 85, dated 10th January 1853 ... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Leiah Division.	Ditto General principles to be observed. Proprietors entitled to 25 or 30 per cent. profit. Populzye family deserving of consideration.	In reply, remarks that the assessment, with reference to former collections, is doubtless moderate, but at the same time it is admitted that the zamindars are impoverished and that the assets do not exceed the revenue Observes that it should be a rule in all assessments to leave the proprietors full 25 or 30 per cent. profit out of the rental, and that it is not the wish of Government that any of the proprietors of the soil should not be able to obtain, with frugality and care, a fair subsistence, after paying their revenue. Above all, it is not expedient that such men as the Populzye family, who have a certain weight and position in the country, and who have done good service in their day, should be reduced to destitution. Directs a revision of the assessment of Dochurka and, in the event of the Deputy Commissioner considering the assessment excessive with reference to the assets, authorizes a suspension of a portion of the current year's revenue.

Forwards a copy of the preceding, with reference to his letter No. 918, dated 1st October 1852, and adds that the Government's reply does not contain specific sanction for the remission of revenue applied for, equal to Rs. 131 annually, or for compensation equal to Rs. 784, and that, therefore, a further reference will be made. The Board, however, communicate the correspondence to him without delay, as it is desirable that the claims of the jagirdars should be investigated at once upon the principle sanctioned in the Government letter. Submits a copy of a letter and statement received from the Deputy Commissioner of Lahore, recommending remission of revenue and compensation for loss of proprietary rights and of trees on 77 acres of land taken up for the Husli canal. Explains that the land is not for the actual channel, but as formerly there was no clear demarcation of the canal boundary, and cattle used to trespass and damage the banks, and facilities existed for the escape and surreptitious drawing of the water, a certain margin on either side of the canal was declared to belong to canal jurisdiction. As bounds had not previously been asserted and private possession had gradually encroached to the water's edge, it was necessary to award compensation for the land thrown out of cultivation, as well as for trees falling within those limits. 3449	No. 24, dated 8th January 1853 ... From—The Commissioner of the Lahore Division. To—The Secretary to the Board of Administration, Punjab.	Restriction of cultivation in neighbourhood of Sialkot cantonment.	With reference to Board's letter No. 1049, dated the 7th April 1852, regarding the restriction of cultivation in the neighbourhood of the Sialkot cantonment, the Commissioner submits copies of correspondence and observes that the committee have pointed out an area of lands equal to 951 acres which they would wish to be thrown out of cultivation and kept absolutely waste, for the sake of the health of those in cantonments. But Commissioner agrees with Brigadier Hearsey that absolute prohibition is unnecessary, the cultivation of the low spring produce being permitted and the high luxuriant crops which grow up under the heat and humidity of an Indian sun being interdicted.	Nos. 33—43-1
	No. 65—194, dated 18th January 1853 From—The Secretary to the Board of Administration, Punjab. To—The Officiating Secretary to the Government of India.	Ditto Spring crops not objectionable.	Forwards a copy of the preceding letter and remarks that the Board concur with the Commissioner and Brigadier Hearsey in the opinion expressed by them, as there is hardly a medical man in the country who would not like to have a garden under cultivation round his own house, and there are few English gentlemen who would hesitate on the score of health to grow oats and barley on lands in the neighbourhood of their residences. If, however, it is decided to keep the land absolutely waste, sanction is solicited to the annual remission of Rs. 1,387-5-7 from the rent-roll of the Sialkot district and to the payment of Rs. 2,081-0-4 as compensation to the zemindars for loss of profits; but should the cultivation of the autumnal crops alone be interdicted, sanction is required for the annual remission of Rs. 693-9-7 and payment of compensation amounting to Rs. 1,040-6-4.

In reply to Board's letter No. 3670, dated the 1st December 1852, regarding widows of deceased Pattidars of the Thanesar and Ambala districts, the Commissioner explains that by the expressions used in the 2nd clause of his letter No. 494, dated the 18th October 1851, he intended to confer a perpetual title on those persons who had succeeded without question to shares of which females were in actual possession in 1808-09. Ditto General principles to be observed in such cases.	Forwards a copy of a letter No. 577, dated the 3rd September 1852, from the Commissioner of the Trans-Sutlej States, with a statement of pensions proposed for the dispossessed widows, &c., of certain deceased Pattidars of the Ambala and Thanesar districts. The Board concur with the Commissioner in the proposition contained in his 2nd paragraph, that when the entire value of a resumed share is so small that half its value would be insufficient for a maintenance, it is just to grant the full value. With reference to the rule contained in the 5th paragraph of Board's letter, dated the 31st December 1850, observes that they did not mean to enforce it in every case of the dispossession of females who have been in possession several years, but only meant it to apply to recent instances of successions. They, therefore, recommend that the rule be so far modified as to admit of all widows in possession of estates for seven years receiving the full proceeds of those estates in cash during their lives.

Submits copy of a letter from the Deputy Commissioner of Dera Ismail Khan, regarding the claims of Muhammad Khan, the Rais of Isa Khel. Explains that the Government demand from Isa Khel is Rs. 42,644 per annum, and the zamindari right claimed is Rs. 6,774 per annum, which, though large, is not more than what the man enjoyed under Sikh rule. Recommends that sanction of Government may be obtained to the Rais receiving that amount, as it will place him in a respectable position in an important part of the frontier on the right bank of the Indus, where his cordial good will towards Government may be depended on. It will, at the same time, be a liberal return for the services of himself and his family during the last war, in which all his tribe co operated heartily with us, and his favourite son was killed. Requests that the Commissioner (in communication with the Accountant) will make arrangements for the payment of Rs. 1,000 to Pandit Kanhya Lall, late paymaster to the Durbar Irregular Force (No. 10 of Roll No. 13 of the establishment attached to the Pension Office of the late Lahore Durbar). Explains that the payment of this pension has been suspended hitherto pending the adjustment of the Pundit's accounts to the satisfaction of the Board, but as the Board do not deem it expedient at this distant period to reopen them, they have been pleased to accede to the Pandit's prayer to allow him to draw the pension. 	No. 292, dated 27th January 1853... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Lahore Division.	Ditto To be borne by zamindars as a general rule. Special cases in which Government may defray a part. Villages should pay cost of trijunction pillars.	Forwards a copy of the preceding and remarks that, as a general rule, the Board consider that Government should not be charged for the boundary expenses, but in special cases they would allow a discretion to the Settlement Officer, supported by his Commissioner, to grant some pecuniary assistance from Government, because it sometimes occurs, where the area of the village is large and unproductive and the resident cultivators few, that the expense of laying down the boundaries and sketching the outline of the whole village would bear very heavily on the people. With reference to the tri-junction pillars, they consider them requisite to assist the surveys, but the advantages to the village in having permanent and durable land marks are far more solid and important and it is, therefore, reasonable that the village should bear the expense. Requests him to state what has been the practice in the Bari and Rechna Doabs.

3166	No. 36, dated 20th January 1853 ... From—The Commissioner of the Trans-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Question whether pensions for heirs of deceased rent-free holders should be granted to individuals or to one person as head of the family.	In consequence of the frequency of applications for the grant of pensions to heirs of deceased rent-free holders, or late incumbents of resumed grants, the Commissioner enquires whether it is most expedient to apportion such pensions amongst the individuals having claims, or to concentrate them as much as possible in the name of a single individual. Observes that he has heretofore adopted the former course with a view to prevent disputes or injustice to individuals, but that the pension rolls of the district are getting burdened thereby and will ere long become most inconveniently bulky. Enquires whether it would not be better to confine the Government bounty as much as possible to one or more of the most prominent members of a family, leaving it to them to distribute a portion to the rest.	Progs. for the week ending 29th January 1853—Nos. 95-6.
	No. 295, dated 27th January 1853 From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Trans-Sutlej States.	Ditto	In reply, states that the plan hitherto followed of apportioning such pensions amongst the individuals having claims is the fairest and best and generally the most popular. Though there may be special cases, where giving a pension to the head of a family may answer, yet, as a general rule, the Board prefer dividing and giving to all entitled. With reference to paragraphs 6 and 7 of his letter,	
		Claims not to be invited.	the Board do not consider it necessary to seek for pensioners, because no man has a right to a pension, and those who consider they have claims to a pension ought to come forward themselves.

In reply to his letter No. 4126, dated the 5th November 1852, calling for further information and fuller proofs of identity of the claimant, Mussammat Rattan Kaur, forwards a copy of correspondence and states that, from the evidence adduced, the Board have no doubt that she is the same woman to whom the pension was originally granted by the Darbar, and as the circumstance of her not coming forward earlier is accounted for, recommends that sanction be given to a pension of Rs. 36 per annum, from date of last payment by the Darbar. Forwards copy of a letter from the Deputy Commissioner of Jullundur, recommending the grant of a pension of Rs. 60 per annum to Mussammat Kadaigal, widow of Pirzada Muhammad Raza, in lieu of rent-free lands in Busti Sharkh Durwest which have been resumed. The lands consist of 86 *ghumaos*, valued at Rs. 200 per annum, and as the woman is aged (60 years) and helpless, and the amount of pension moderate, with reference to the value of the lapse, Commissioner supports the proposition. Forwards copy of a letter from the Deputy Commissioner of Jullundur, reporting the death of Mehr Singh, holder of a share, valued at Rs. 17-1-0 per annum, in the rent-free grant of mauzah Khanpur in Nawashahar. 3482	No. 30, dated 17th January 1853 ... From—The Commissioner of the Peshawar Division. To—The Secretary to the Board of Administration, Punjab.	Proposals for civil and criminal administration of Yusufzai. Lieutenant Lumsden's report on the state of the district, past and present. Proposal to put Lieutenant Hodson in charge.	In reply to Board's letters Nos. 1135, dated the 25th November 1852, and No. 1235, dated the 25th December 1852, enquiring what he would propose as the civil administration of Yusufzai, the Commissioner submits Lieutenant Lumsden's report on that district, which contains much useful statistical information, an account of the origin of the different tribes inhabiting the Peshawar valley, with a brief account of the changes worked by our rule, the increase of cultivation and comparative security of property. Suggests that Captain James (whom he directed to relieve Lieutenant Lumsden) be permitted to draw up the *khewuts* for the summary settlement made by Lieutenant Lumsden. For the future civil and criminal administration of Yusufzai, proposes to retain Lieutenant Hodson, Commanding Guides, in the same charge of the current duties, both revenue and judicial as Lieutenant Lumsden held.	Progs. for the week ending 5th February 1853— Nos. 29—34.
	No. 355, dated 1st February 1853... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Peshawar Division.	Ditto Settlements judiciously made. General instructions for future guidance.	In reply, remarks that the Board consider the report a valuable and interesting document, containing, as it does, information on the habits, customs and prejudices of the people, as well as useful information on the resources of the district. Observes that the settlements have been very judiciously made with the heads of villages instead of districts, though it does not appear from the report what are the cash allowances of the different Khans, nor whether these are in addition to the present assessments or a deduction from them. Requests the Commissioner to furnish the necessary information, and also how the Khans collect their revenues, whether they are collected from villages set apart for these purposes or are a deduction from the rent-roll of certain villages. Conveys directions for dealing with rent-free holdings in Yusufzai, as well as the maintenance of all lands held for religions or public purposes. States that it is immaterial whether the revenue is divided on shares, or ploughs, or wells, or on the annual cultivation, as on such points the popular voice should decide, no rules being arbitrarily laid down.	
3483	No. 7163, dated 18th January 1853 From—The Accountant of the North-Western Provinces. To—The Secretary to the Board of Administration, Punjab. 3484	No. 49, dated 17th January 1853 ... From—The Commissioner of the Lahore Division. To—The Secretary to the Board of Administration, Punjab.	Treatment of land cases after the breaking up of the Settlement Court. Procedure of Civil Courts unsuitable for revenue cases	Forwards a copy of a letter from the Settlement Officer, Bari Doab, relative to the treatment of land cases after the breaking up of the Settlement Court, and thinks that some definite rule should be laid down to ensure uniformity. Adds that he would not only save such revenue suits from the formalities and costs of our Civil Courts, but would diminish in the courts themselves those technical forms which consume so much time and add so greatly to the expenses of civil procedure.	Progs. for the week ending 5th February 1853—Nos. 45—7.
	No. 360, dated 1st February 1853... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Lahore Division.	Ditto Reduction of stamp fees undesirable.	In reply, informs the Commissioner that there can be no question that all such cases must be heard and decided in the Civil and not in the Reveuue Courts. The Board are not competent to confine the jurisdiction connected with landed property to the Revenue Courts. Observes that the Deputy Commissioner and his Assistant are vested with both Judicial and Revenue powers, and it is, therefore, immaterial to the people in which capacity the presiding officer hears the case, provided only he has experience and knowledge to decide it correctly. The Board have already abolished the technicalities he alludes to in the rules which they have laid down for the guidance of tahsildars. With reference to the stamp fees, the Board consider them moderate, and they do not think any change necessary, as some expenditure has a salutary effect in restraining parties from a too ready recourse to our tribunals.	
3485	No. 84, dated 27th January 1853 ... From—The Commissioner of the Lahore Division To—The Secretary to the Board of Administration, Punjab.	Commissioner's powers of revision in assessment appeals. Protest by Mr. Davies, Settlement Officer.	Submits correspondence in original between himself and Mr. Davies, Settlement Officer, Bari Doab, being two references from that officer, one remonstrating against the reduction of *jama* in mauzah Thuttu, parganah Sowrian, and the other calling for some specific limit for the hearing of assessment appeals. Mr. Davies is dissatisfied with the interference Commissioner exercises in revising his assessments, but as regards the general principle of undue interference, Commissioner cannot accuse himself, although he admits that Mr. Davies' remonstrance in regard to mauzah Thuttu is correct. Calls the attention of the Board to the suggestion contained in his letter to Mr. Davies, for narrowing the field of discussion in future.	Nos. 48-9.
	No. 361, dated 1st February 1853... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Lahore Division.	Ditto General instructions for hearing appeals. Period for appeal limited to 3 months.	In reply, informs the Commissioner that the Board are of opinion that the course proposed by him in his letter to Mr. Davies will work very well. They would not, however, deter Commissioner from receiving appeals as he proposes in paragraph 10, after he has once agreed to a certain *jama*. The Board would limit the period of appeal to 3 months from the date on which the assessments have been given out or

During this term, the Commissioner should receive all appeals and register them in his office, at the end of which period he should again go over the statistics of the taluqa or pargannah (if with the Settlement Officer so much the better), the case of each village which has appealed being carefully scrutinized, and the decision arrived at communicated to the appellants through the Settlement Officer. The chief objections to the right which exists of subsequent appeal can be greatly mitigated by a cautious and judicious officer, as otherwise the system of hearing appeals on isolated cases and of reducing *jamas* in vernacular proceedings, the contents of which are patent to the natives, militates against the just influence of the Settlement Officer. Submits copy of a letter from the Deputy Commissioner of Jullundur, reporting on the proposed provision for the heirs of the late holder of the lapsed rent-free village of Charrar, Jullundur, assessed at an annual *jama* of Rs. 300. The shareholder died in 1846, leaving a blind brother and a son, together with several helpless relatives dependent on the proceeds of the grant, which had been held by the family for an uninterrupted period of 70 years. Under these circumstances, recommends the grant of a yearly pension of Rs 120, beginning from the 1st September 1847, for the joint lives of the son and brother.	Nos. 67—70.
	No. 108—370, dated 1st February 1853. From—The Secretary to the Board of Administration, Punjab. To—The Officiating Secretary to the Government of India.	Ditto	Forwards a copy of the preceding letter and observes that the brother was an original sharer in the grant in the proportion of ½ and that the grant, when reported in 1847, should rightly have been recommended for confirmation in favour of the two sharers and not of the deceased only. On these grounds, the Board recommend a pension of Rs. 100 a year to the brother and another of Rs. 50 per annum to the son, each pension to lapse at the death of the party receiving it.

General instructions for their guidance. Geological expert expected at Lahore	In reply, observes that the Board are disposed to leave the matter of classification of soils in the hands of the Settlement Officers. The Board do not object to as many classes as the character of the soil and local peculiarities dictate, though they strongly deprecate any arbitrary and artificial classification. In the case of villages possessing soil apparently different from the average of their class, or where, from want of capital or other causes, they are unable to pay a full revenue, it will be the province of the Settlement Officer to record these reasons and not throw the villages into an inferior class simply for the sake of uniformity in the revenue and revenue rates. As regards the saline properties in the soil, states that a gentleman well skilled in geology is expected at Lahore and the Board will avail themselves of his science.

The Board were certainly under the impression that the instructions above alluded to were intended to confer on them authority to dispose of all petty rent-free tenures, and they were confirmed in this supposition from the fact that Government had conferred this authority on the late Commissioner of the Trans-Sutlej States. Requests that there may be no further delay in disposing of these arrears. Strict attention should be paid to a former order of the Board, that no new claims to pensions of this nature should be heard.	Nos. 170—73.

Pending claims to *dharmarth* pensions in the Jhelum Division.	With reference to his letter No. 182, dated the 12th April 1852, showing that 808 claims to *dharmarth* pensions were before him, observes that only 107 have come before the Board since then, and requests that he will dispose of the 701 remaining as early as possible. Strict attention should be paid to theorder conveyed in Circular No. 1108, dated the 13th December 1849, that no new claims to pensions of this nature should be heard	Progs. for the week ending 5th February 1853— Nos. 170—73.

With reference to his letter No. 194, dated the 19th April 1852, requests that no further delay may be allowed to occur in submitting all pending claims to *dharmarth* pensions, and invites attention to Circular No. 1108, dated the 3rd December 1849.

3500	No. 2104, dated 27th January 1853 From—The Accountant of the North-Western Provinces. To—The Secretary to the Board of Administration, Punjab.	Proposed removal of treasury from Dera Ismail Khan to Bannu.	In continuation of his letter No. 7163, dated the 18th January 1853, forwards a copy of a letter from the Extra Assistant at Dera Ismail Khan, and states that, from the further facts elicited, it appears that the military force stationed at Dera Ismail Khan is almost equal to that located at Bannu, so that the suggestion put forward in his letter above cited, to remove the treasury to Bannu, whilst it would afford relief to the troops there, would entail inconvenience to those at the Saddar Station. Under these circumstances, recommends the entertainment of a more adequate establishment for the timely and efficient performance of the duties of a divided office.	Progs. for the week ending 10th February 1853— Nos. 3—5.
	No. 451, dated 7th February 1853... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Leiah Division.	Ditto	Forwards a copy of the foregoing letter and states that the Board think, with reference to the number of troops at Dera Ismail Khan, that it will be best to keep the Saddar treasury where it is, but if bills are granted from the Saddar treasury and none from the branch one at Bannu they do not see why three clerks should not suffice for the work.	
3501	No. 45, dated 25th January 1853... From—The Commissioner of the Trans-Sutlej States. To—The Secretary to the Board of Administration, Punjab.	Proposed resumption of the jagir of Sardar Nirmal Singh, on account of his immorality. Fine of Rs. 500 recommended.	Forwards correspondence with the Deputy Commissioner of Jullundur, proposing to resume the jagir of Sardar Nirmal Singh in consequence of his having corrupted the wife of another man and abandoned his own for a time. Commissioner adds that he has carefully investigated the case but in consideration of the loose notions of conjugal fidelity prevalent among the jat community, and also that the jagirdar belongs to a class and station such as would render it most difficult for him to procure a livelihood at all, if deprived of his lands, recommends that he be fined Rs. 500 (Rs. 100 being given to the injured husband) and that he be warned that a repetition of such conduct will ensure resumption of his jagir. 3501—*concld.*	No. 453, dated 7th February 1853... From—The Secretary to the Board of Administration, Punjab. To—The Commissioner of the Trans-Sutlej States.	Proposed resumption of the jagir of Sardar Nirmal Singh, on account of his immorality.	In reply, remarks that the proper course would have been to have tried the Sardar for seduction and for having instigated an assault on the person of the husband, and, on conviction, to have imprisoned Nirmal Singh for the full term allowed by law, besides inflicting a fine. As the Board do not consider the case one for confiscation of jagir, they now fine Nirmal Singh, Rs. 500, (Rs. 100 being given to the husband), and direct that security be taken from the Sardar for his good behaviour for three years.	Progs. for the week ending 10th February 1853.—Nos. 10—12.
3502	No. 887, dated 0th September 1852 From—The Commissioner of the Lahore Division. To—The Secretary to the Board of Administration, Punjab.	Villages selected by Raja Tej Singh in exchange for others transferred to Jammu.	With reference to Board's letter No. 1265, dated the 26th April 1852, submits a copy of a letter from the Settlement Officer, Bari Doab, detailing the villages selected by Raja Tej Singh in lieu of estates (valued Rs. 1,171) incorporated in Jammu territory. The Raja has selected two villages, both situated in pergunnah Tarn Taran, Amritsar district, valued at Rs. 1,205 per annum, being an excess of assests, *viz.*, Rs. 34, in his favour. Though in point of money the difference is small, yet as the villages have been definitely settled, and the Raja can only take the revenue imposed by the Settlement Officer, it appears a preferable course to give him the sum annually from the treasury instead of by assignments on villages, as in that case he would receive an exact equivalent of Rs. 1,171. If this arrangement is approved of, the Raja is entitled to recover arrears from the 1st May 1850, the date on which he lost possession of his estates transferred to Jammu territory.	Nos. 24—6.
	No. 132—459, dated 7th February 1853. From—The Secretary to the Board of Administration, Punjab. To—The officiating Secretary to the Government of India.	Ditto	Forwards a copy of the preceding letter and explains that Major Abbott, in readjusting the boundary between Jammu and British territories, transferred certain villages which had been released to Raja Tej Singh, and the Board promised, in June 1851, to give him lands of equal value. The Raja has now selected villages valued at Rs. 1,205, per annum, being Rs. 34 more than the value of those transferred. The Raja engages to pay this difference into the treasury annually. The present members of the Board would prefer paying the Raja a cash allowance, as proposed by the Commissioner, but as the Raja is extremely adverse to the measure, and pleads the promise of June 1851, the Board recommend that, as a special case, the two villages be transferred to the Raja, subject to a payment of Rs. 34 per annum.

Forwards a copy of the preceding memo. and recommends that the share in the well be released to Sobha Singh for life, irrespective of service, and that when he retires from service, the pension of Rs. 126 be exclusive of the value of the well. In reply to the enquiries contained in letter No. 1219, dated the 22nd April 1852, gives further information as to the nature of the grants to which the proceeds of half Nur-ud-dinpur and Murapur are appropriated. 	No. 139—479, dated 8th February 1853. From—The Secretary to the Board of Administration, Punjab. To—The Officiating Secretary to the Government of India.	Ditto Release in perpetuity recommended. In consideration of these circumstances, and the length of possession, recommends that the grants be released in perpetuity.	
3505	No. 480, dated 8th February 1853... From—The Secretary to the Board of Administration, Punjab. To—The Secretary to the Government, North-Western Provinces.	New system of measurement introduced in the Punjab. Settlement Officer should superintend field measurements. Village agency employed on measurements. Qualifications of patwaris.	In reply to a reference, forwards copies of certain selections from public correspondence, together with a report by the Commissioner of the Lahore Division, enclosing others from Messrs. Davies, Temple and Prinsep, regarding the new system of measurement as followed in the Punjab, and adds that there is no question that the superintendence of the field measurement should be conducted by the settlement Officer. Explains that the peculiar feature of the Board's system is the employment of village agency, the patwari being the person charged with the measurement. Every patwari should be, if possible, a resident of the neighbourhood; he should be intelligent, a master of accounts, and should have a compact and conterminous jurisdiction assigned to him, the proceeds of which should yield at least Rs. 100 per annum.	No. 68—70.
3506	No. 146—497, dated 9th February 1853. From—The Secretary to the Board of Administration, Punjab. To—The Officiating Secretary to the Government of India.	Claim of Sobhan Khan and Nabi Bakhsh to a pension in lieu of a resumed jagir, Gurdaspur.	Submits a memo. by Lieutenant Becher, lately investigating jagir tenures, regarding the claim of Sobhan Khan and Nabi Bakhsh to a pension in lieu of a share in the village of Karree, lately resumed, in the Gurdaspur district. Explains that the share was erroneously resumed under the supposition that the entire village belonged to Envar Khan, an elephant driver in the establishment of Maharaja Dalip Singh, whereas, in fact, the value of the village being Rs. 1,250 per annum, this man held in *service* tenure a share equal to Rs. 1,000 and the remainder (Rs. 250) was the share of Sobhan Khan and Nabi Bakhsh who held it, not by service tenure, but in right of *inam*, or free gift. The President and Junior Member recommend a pension of Rs. 250 per annum being given, one-and-half share to Sobhan Khan and half to Nabi Bakhsh,	No. 91.

States that, in his opinion, such suits should not be heard, and that Civil Courts should not be competent to adjudicate on claims to a share in rent-free holdings, because they are a property created by the will of Government for the benefit and in behalf of particular individuals or objects, which "individuals" or "objects' none other than the Government can properly specify. 3515	No. *Nil*, dated 4th February 1853... From—Major Abbott, Boundary Commissioner, Punjab. To—The Secretary to the Board of Administration, Punjab.	Demarcation of British and Jummoo boundary. River charts more useful than boundary marks.	Intimates that as he is about to quit the Punjab for ever, and as it is probable that the Board would wish all matters connected with the British and Jummoo territory to be independent of further reference to him, suggests that he might visit the boundary *en route* to Bundelkhand. It was his wish that for portions of the boundary verging on large rivers, complete charts of those portions of the river should have been comprised in the boundary maps, because it being impossible to fix enduring land-marks on the banks or in the channels of such rivers, the maps are of more importance there than the land-marks themselves. Suggests that Lieutenant Robinson be directed to have this done, if possible.	Progs. for the week ending 10th February 1853—Nos. 163—67.
